People's Counsel Place City On Notice With 5 Objections

Wistaria Vine Viewing Open To Public

Sierra Madre's world famous wistaria vine — the world's largest — will again be open to public view on Saturday, March 13, from noon to 5 p.m. This famous vine, until recently, was open to public view and inspection each year during the height of the blooming season, though it was always and is now privately owned.

The big vine now covers huge patios of two homes, one of Mr. and Mrs. Ronald Cook, 505 North Hermosa and the other — the original home of Mr. and Mrs. Dick Thayer, original owners of the famous vine, now owned by Mr. and Mrs. Joseph Feeney, 535 North Hermosa.

Through the courtesy of the present owners, the Sierra Madre Chamber of Commerce has made the arrangements for the current showing, which will be at the peak of the blooming of the beautiful lavender vine.

The exact location of the vine is the northwest corner of Hermosa and Carter. Members of the Sierra Madre Chamber of Commerce will be on hand to act as guides to the public. The former princesses of the Sierra Madre Rose Float will be on hand to serve refreshments.

Lions Club Project

Jim O'Leary Wins 2nd Level In Speaking Competition

Before an audience of 105 people, Jim O'Leary, representative of the Sierra Madre Lions Club, won the second level of Student Speaker Competition. Contest judges, Harry Smith, editor of the Altadenan; Jim Adanson, president of the Altadena Toastmasters 417, and Jack Bell of the Pasadena City College speech department, were unanimous in their decision to award first place honors to Jim.

Four Lions Clubs within Zone B of the district organization sent their respective representatives to the event held at the Altadena Town and Country Club on the evening of March 4, 1965. Thomas Sprott from the East Pasadena club, Tillman Tremell II from the Altadena Lions and May Stoebe, representing the Pasadena club, presented their views on the subject: "Maturity: Its Privileges and Responsibilities." This non-controversial subject was chosen as the contest topic on Aug. 1 and 2, 1964, when 15 student speakers met in Santa Barbara, Calif. The many and varied topics were proposed by students, speech teachers, Lions club members and other interested persons. The committee eliminated the debatable topics and those of a controversial nature and recommended their choice to the Council of Governors who in turn ratified the choice and presented it to the clubs.

From here the student speakers approach the high schools within their community or, as in the case of Sierra Madre,

Bill Harriman Manager

Griffin Lumber Company Opens New Glass Dept.

Ron Griffin at the Griffin Lumber Company announced the opening of a new department in his business recently, a new, full line in glass.

Bill Harriman is heading up this department, and a well qualified person to do so. Bill has had 22 years experience in this field, 11 of those years in the San Gabriel Valley. Before joining with Griffin Lumber, Bill was in business in Ventura in photography and glass. He resides in Duarte with his wife and four children, Colleen, Michael, Doreen and Kathleen, and the entire Harriman family hopes soon to make their home in Sierra Madre.

Bill assures us that any questions you may have

Attorneys Ask For Re-hearing; City Waves Go-Ahead To Tract Developers

City Has \$450,000 Placed As Inactive From All Funds

In a letter to the City Council from Thorpe, Sullivan, Cline and Workman, Attorney-at-Law, representing the opposition homeowners and residents of the area of the

Huntington Construction Tentative Tract No. 29402, they cited five points of defects in the processing and granting of the Tentative Tract Map, and from this moment on placed the city on Notice of these defects, and ended their letter with the following remarks: "The purpose of this letter is to call these defects to your attention now so they can be cured at the earliest opportunity. City Attorney Martin stated that he would meet with the attorneys on some point for defining.

The five objectionable points in brief were: (1.) The 300' radius map filed by the applicant is defective in that it does not properly show the exterior lines, thus a substantial number of citizens received no notice of the application. (2.) The applicant did not keep his property owners' list up-to-date in accordance with the latest assessment role of the county, as a result additional persons should have been notified. (3.) The applicant filed his appeal from the action of the Planning Commission on January 26, the same day as the City Council hearing, which is failure to comply with Section 9410.5 of the Interim Ordinance and sections 9480, 9565 and 9625. (4.) The tentative map itself is defective on its face in that there is no compliance

with City Code Section 9205. (5.) No application for a conditional use permit. Further the attorneys request that the five defects be corrected by re-hearing before the Planning Commission and the City Council. Immediately thereafter the Council approved and adopted Resolution No. 2125 granting a Conditional Use Permit so as to authorize the approval of the Tentative

Tract Map No. 29402. The City Attorney will give a report at the next Council meeting March 23 on the five points raised.

Other Business

The appeal of the lot split denial of Mr. Fields was held over by the Council for further study, and the appeal of Mr. Crowder for a Lot Split was returned to the Planning Commission on the grounds that the applicant really wanted a Lot Split and Consolidation. This will be heard March 18.

Further business of the Council saw the Weed Abatement up for its hearing on April 13, and the adoption of Council Policy on repair of sidewalks, curbs and gutters, and the U.B.C. policy held over for more study.

Approval of \$50,000 to the inactive fund for 6 months for the city places the amount in this fund at

SM Hospital Re-Elects 4 To Board

The Sierra Madre Community Hospital Board was given a unanimous vote of confidence at its Annual Corporation meeting at the City Hall Friday evening when it re-elected by voice vote four board members to three year terms.

The four board members re-elected were: James Hall, Don Jackson, Betty Summers and Janet Wood.

A report was made to the corporation members by Board Chairman, Lester K. Layton, reflecting a substantially sound financial condition in contrast to a financial crisis the hospital was experiencing a year ago. This was the result, according to the Layton report, of dependable and experienced business management supervised by board committees.

More than 1,400 patients

—Please turn to Page 4

\$450,000 all working and drawing interest until needed. This brings in \$12 to \$15 thousand a year to help relieve the taxpayer.

Approval was given for a gasoline purchasing contract with the County, and an engineering design not to exceed \$2,000 for two blocks of Mt. Trail from Sierra Madre Blvd. for regrading. Haver and Emerson, Eng., were given the contract. Later on this will be extended to Mira Monte on Mt. Trail.

Approval was given the purchase of a new used truck for concrete repair work at a cost not to exceed \$1,000, and an Ordinance was ordered in respect to raising the dog license fees and place more stringent penalties on violators.

INTRODUCING ED AND INGARD MARTIN, new owners of the Clardon Delicatessen, 31 N. Baldwin Avenue. Already many have found this to be a friendly couple striving to give good service and outstanding food to all who patronize them. They have installed a complete fresh meat department and feature cooking your hams, turkeys or roasts, selected from their choice display, absolutely free.

Ed and Ingard Martin New Owners of Clardon Deli

It is a nice feeling to know that people choose Sierra Madre out of the many communities around to open business or make their home, and a couple that is doing just

that are Mr. and Mrs. Ed Martin who are taking over the complete management of Clardon Delicatessen at 31 N. Baldwin Avenue.

The Martin's, known to many of us already as Ed and Ingard, and their daughter, Susan, who attends Pasadena City College, are presently living in Arcadia, but revealed to us plans of making their home in Sierra Madre as soon as possible. They purchased the business from Ron Kolar, effective March 1, and although they are new in the community, their years of

serving the public in this field total 25, so they are well aware of the public's wishes in delicatessen delights, and favorite cuts of meats. In talking with the new owners they assure us that they will provide a complete line in their delicatessen, from coffee to lunch, a complete catering service, of which no job is too small or large, and a marvelous free service of cooking any out of "Choice" meat, ham or turkey from their meat department.

In introducing this couple to Sierra Madre, we wish them the best in their new venture. Stop in have lunch or a cup of coffee and get acquainted, the Martins are looking forward to meeting each of you.

Cub Scout Pack 390 Annual Blue And Gold Dinner

The annual Cub Scout Blue and Gold Dinner for Pack 390 and their families was held at the Sierra Madre School on Saturday, Feb. 27. Den 9 gave the Flag presentation. A talk about Pack 390 was given by Cubmaster Tom Van Achtoven, who then introduced a new Cub Scout, William (Tommy) Thomas. Boys who had earned Wolf badges, silver and gold arrows received awards from Awards Chairman Bill Scharf.

Don Donaldson, assistant district Scout executive, presented a short talk about Scouting.

Special awards were presented to Den Mothers and Fathers Mary Tooze, Den 2; Beverly Bazzell, Den 5; Irene Kroll, Den 6; Mary Ann Rudolph, Den 7; Mr. Sweet, Den 8; Bob Vail, Den 9; Sue Pickren, Den 10; Beulah Clancy, Den 11, and Sylvia Teem, Den 12.

Special recognition certificates were given to Den Mothers Marion Allen, Den 1; Anne Klein, Den 3, and Betty Scharf, Den 4, by Chairman Al Klein.

The Cub Scouts and their families enjoyed an interesting talk and display of space models presented by Dr. John Teem, vice president and chief scientist of Electro-Optical Systems.

The Rev. Father Smith, rector of Ascension Episcopal Church, who earlier gave the invocation, gave the closing prayer of thanks.

The meeting was adjourned following the Cub Scout pledge.

Here we are past the 1st of March and the time of personal tax assessments... this is the date used to set down the valuation of your properties. Now the next step toward issuing you a tax bill in December will be the taxing agencies who will meet and set forth their expected expenditures for the year 1965-66, and the two together will determine what you will pay... watch for these budget sessions to be announced as we go along... they must all be made and set by the forepart of August, so it is up to you to protest those unnecessary expenditures that you talk about all year.

Now the Liberals and opposition are again putting the pressure on this Ultra-Conservative newspaper... We have lost several advertising accounts in the past few weeks by this pressure... we always know when we are getting to them and they start to work.

During the past couple of years we have been given offers of buying us out, threats of running us out of business, but we have always been able to survive, and this push is no different, except that we are now drawing the attention of the big boys, and the pressures are a little hotter and a little stiffer.

We have built our foundations of durable materials, and although they shake and rock them, their stability does not crack our beliefs nor our standards... where we lose accounts, we will gain others, much more firm and stable.

There are those in business who fail to understand that patronage of those in opposition to their beliefs is only adding to their stability to go on and spread the gospel of their beliefs and work against the principles that we believe in.

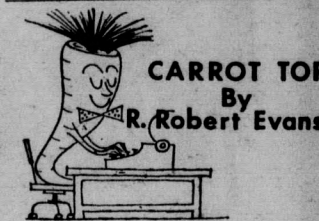

Still, we find that there are so many more who do understand the move to "squash" those who carry the message of "truth" and are more than willing to add their support and help to sustain the basic standard of "truth." For these people we are forever thankful, and we know that in the end we will win out... to them and all others we pledge that we will "forever fight" to maintain our standing in life as a newspaper representing all of the people, but still building our house on the foundation of "Conservatism and a Republican."

Describing her ride in a friend's plane, the young lady said: "As we went into a sudden dive, all my past sins flashed before me. It was so interesting that I had the pilot dive eight more times." If this should happen to me, it would be quite exciting, I am sure.

Building a house is fun, but we should have followed the advice of some of our friends... secured three Philadelphia lawyers before we started... We actually thought it was simple. We knew what we wanted, and we knew how to get it... but getting it was found to be entirely different than we thought.

Last August we secured the land to build the house

Three Sierra Madreans To Be Honored Mar. 19

by R. ROBERT EVANS

Three Sierra Madreans will be honored by fellow citizens at a community dinner in the Woman's Club House March 19.

Fred La Lone and Mrs. May Shearer will be recognized on their retirement from the Sierra Madre Post Office after years of faithful service. Bill Wark will receive a national award from the Good Outdoor Manners Association for his devotion to the preservation of our mountain trails.

The main address is to be given by Evelle J. Younger, Los Angeles County District Attorney. Larry Bevington will serve as master of ceremonies. Entertainment has been arranged by the Hon. O. K. Beeson, former Postmaster of Venice.

Postmaster Charles Louk is to present the service awards to Mrs. Shearer and La Lone. Loring L. Bigelow will present the award to Bill Wark, noting that it is National Wildlife Week.

May Shearer was born in Lenora, in Indian Territory, and started her post office career as a classified clerk in Oak Creek, Colorado. The Shearers came to Long Beach where Mrs. Shearer helped in the post office during the Christmas rush. Upon moving to Sierra Madre Mrs. Shearer went to work for Sierra Engineering in 1944. Assistant Postmaster Art Embree heard of her experience and asked her to help in the local post office. Twenty years later Mrs. Shearer is leaving, and her warm smile and pleasant personality which won the love and admiration of all, will be missed.

Fred La Lone needs little introduction. Fred first saw the hills of Sierra Madre from a model T truck, when his parents and their 11 children arrived in Sierra Madre in 1924. Soon Fred was heading for the hills.

Often he was called to find the lost and injured. Once he surprised Southern Californians by bringing home a Golden Eagle, which was later released.

Fred joined the post office staff in 1934, and continued his mountain interest. After a disorganized search in which a boy's life was saved, Fred saw the need and founded the Sierra Madre Search and Rescue Team. He served as leader until his retirement from the organization in 1963.

Bill Wark was the first member of the Sierra Madre Search and Rescue Team, and is still very active with the group. Bill grew up in Sierra Madre near Bailey Canyon. He and his brother

Gerald explored the canyons and crossed the mountains to the desert, always seeking new routes.

The Warks and the La Lones joined forces and Fred became big brother to the group.

Bill loved the mountains, and enjoyed listening to the old timers' stories. He became well-informed on mountain history. He also became concerned as the

Local Boys Record Album 'Just For Fun' Now On Sale

in the album.

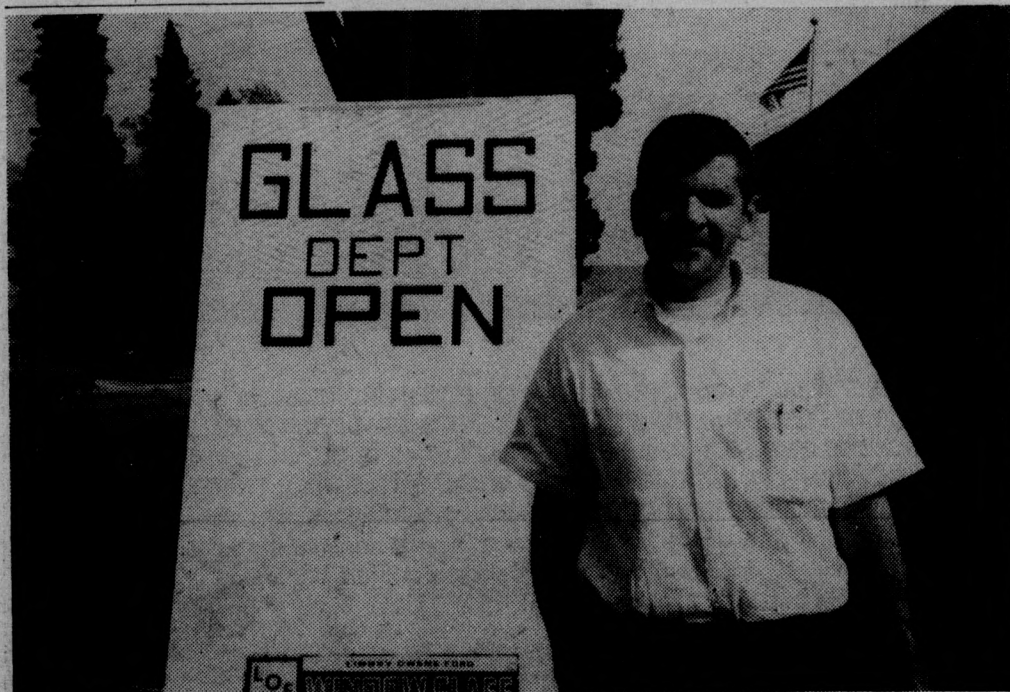

These boys have been recognized by winning several contests in the past two years. Last year they won the gold medal in the Search for Talent sponsored by the Exchange Club and were also selected from PHS to represent it in the Foothill League folk festival.

This summer, sponsored by the State Department, they will be touring South America as part of a Hoot Troup organized by Dave Colburn from Music for Everyone in Sierra Madre.

The album cover itself relates the true picture of these boys when it says that "The enthusiastic freshness of each song makes this album an enjoyable listening experience. Each piece of music is portrayed at its best, with a life and spirit that serves to communicate a meaning as well as fine artistry." The program on the record is varied from a French winemakers song to a classical guitar solo by Tom Padrick. The popular "Old Blue," a political satire entitled "What Did You Learn in School Today?" a solo by Chuck Edwards singing "Summertime," and a solo by George Haver, who sings "One Kind Favor" are also included. There is also "Walk Right In" which was popularized by the Rooftop Singers and is a guitar duet

Arcadia High School Orchestis Class To Present Dancing

"A Mad, Mad World of Dance" will be presented by more than 40 girls of Arcadia High School's Orchestis class Friday and Saturday, March 12 and 13, at 8 p.m. in the school's gymnasium.

The production of 17 numbers includes jazz, comedy, classical and beat. It climaxes a year of work and training by the girls of the Orchestis class.

Miss Marjorie, Johnson class teacher, is the director of the show. Narrators are Bob Breech and Jim Martin. Highlighting the show will be the "Mad, Mad World of Dance" number in which the entire cast will carry out the theme of the production in a variety of

dancing skits. Robin Snider as the whistle-blowing Key-stone Kop will direct the traffic of impressionistic dancers.

A parody on the mechanical world of today is the "Automation" number. It depicts the dancers as machines.

More seriously, is "The Road Not Taken" number in which the dancers interpret Robert Frost's poem of the same name with expressive and flowing movements.

"The Professor" number injects a comic note into the production. In this dancing skit, a humdrum biology class comes alive when the professor decides to teach the students how to fly. A delightful entry into the

world of make-believe is the "March of the CueBalls." The number takes the audience on a romp of the pool table with dancers as billiard balls.

Other numbers include "Space" with Martian dancer, "Fliberty-Jib" on the off-beat side and a Yiddish folk dance.

Solo numbers will be danced by Gwyn Garside and Sue Edmiston. Duets will be performed by Pam Mallory and Sue Godber, Gyn Garside and Dee Hill and Janice Waldvogel and Rae Wyles.

Tickets are 50 cents and can be obtained from members of the Orchestis class or at the performances.

BVM St. Patrick's Day Parish Party

The parish hall of the Assumption of the Blessed Virgin Mary Church, 2660 E. Orange Grove Ave., Pasadena, will be transformed into a bit of old Erin on the evening of Wednesday, March 17. The occasion will be a gala St. Patrick's Day parish party, co-sponsored by the Assumption Women's Council, Mrs. Darrell A. Wright, President, and the Holy Name Society, William Knoke, president.

The party, which will begin at 8:15 p.m. and will end

promptly at midnight, will feature an assortment of buffet-style refreshments, music for dancing furnished by "The Exit Boys," and an Irish "sing-a-long" conducted by Joseph Buch at the piano.

Tickets are necessarily limited, but may be obtained through Mrs. E. P. Maurin, Jr., 1605 Old House Road, or Dominic Giangregorio, 1405 Sierra Madre Villa, Pasadena.

Holly Ann Barnard's Engagement To Alvin Robert Zeman Announced

MRS. JEAN E. BARNARD of Palos Verdes Peninsula and Mr. Hollis L. Barnard of Los Angeles announce the engagement of their daughter Holly Ann to Mr. Alvin Robert Zeman, son of Mr. and Mrs. John A. Zeman of Pasadena. Miss Barnard is a graduate of Westchester High School and is now a junior at San Jose State College. Mr. Zeman graduated from Pasadena High School, received his Bachelor of Science Degree from San Jose State College and will receive his Masters Degree in Civil Engineering from San Jose State. The wedding will take place on June 26 at St. Francis Episcopal Church in Palos Verdes. Miss Barnard is the granddaughter of Mr. Ezra Treat MacIntyre of Rye, New York.

Arboretum Opens 4 New Classes In March

Registration is now open for four spring workshops on varied subjects interesting to children.

Indoor Gardens is a six week course for grades 1 and 2 that teaches simple horticultural practices by experience. Students propagate cuttings to transplant into individual planters. They will make terrariums and observe the water cycle that keeps the enclosed plants growing.

Exploring Nature, designed for grades 3 and 4. Interested children will have observation time around the lagoons collecting or listing plants, insects, and birds, both native and introduced. They will be required to organize their work for display purposes at home or at school.

Indians and Rancherias for grades 3 and 4 is wholly an outdoor course dealing with Indian, Mission, and Pioneer history in this vicinity. Children will have facts and artifacts from each period to learn and use.

Flower Arranging, a popular Spring workshop for grades 6, 7, and 8 will enjoy a basic course in the use of greens and garden flowers for home decoration. They will learn something of flower show procedures.

Pre-registration is required. Write to Los Angeles State and County Arboretum, Youth Education, 301 N. Baldwin Ave., Arcadia, for schedule and registration forms. Numbers are limited and classes filled in the order of returned registrations.

Alverno Honor Society Holds Ceremonies

The Daemen Chapter of the National Honor Society at Alverno Heights Academy, Sierra Madre, held induction ceremonies for 22 provisional members, February 26, which began with a welcome by the president, Kathleen McCoy and a history of the Society by Sister M. Manuela, OSF, senior moderator.

After an explanation of the requirements for membership in the Society by the following: Karen Klement, character; Patricia Carberry, scholarship; Marian Karbo, leadership; and Karen Birney, service; Sister M. Jane, OSF, vice principal and moderator received the 22 inductees as regular members. Seven were accepted as provisional members.

Following the pledge by the new members, Rev. Joel Gromoski, CP, chaplain, gave the closing prayer.

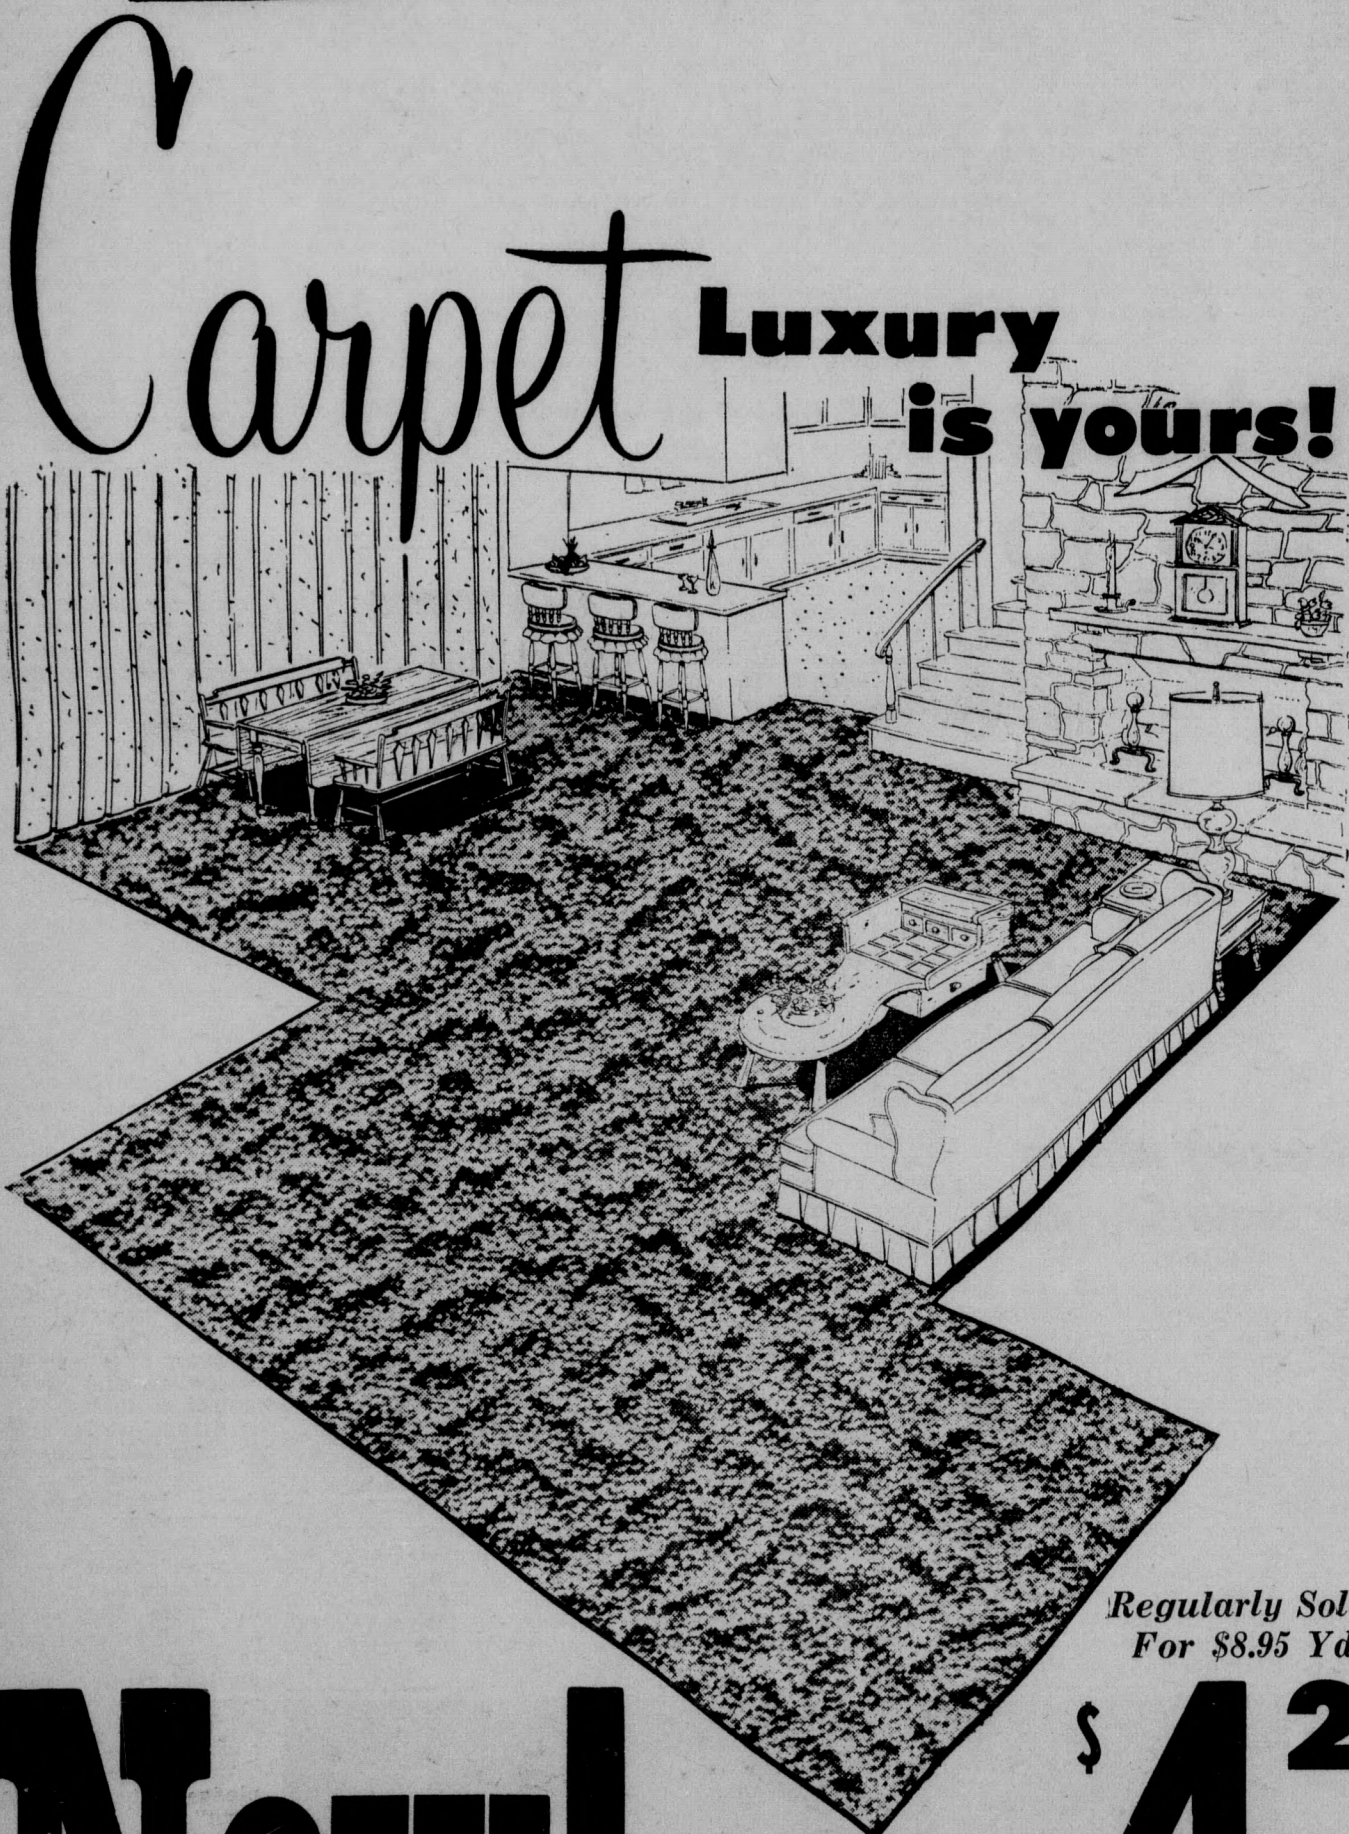

Those accepted as regular members were: Kathleen Albade, Donna Beardshear, Patricia Chase, Patricia Clark, Clare Crawford, Susan Goetz, Kathleen Hermann, Joanne Huber, Patricia Jo Kaye, Christine Kuntz, Patricia Mounteer, Susan O'Connor, Frances Oldenburg, Christine Orr, Pamela Piering, Susan Radwin, Brigid Regan, Ruth Regas, Diane Schwab, Karen Secchi, Ann Sinclair, and Susan Winslow.

The provisional members are: Beverly Archer, Nancy Aschenbrener, Janet Barnes, Nancy Chase, Cecilia Fisher, Jane Lindenthal, and Donna Schulz.

NATIONAL POISON PREVENTION WEEK

(This may be a little 'preachy')

Next Monday will start the annual observance of "Poison Prevention Week" so again may we remind you that this year half a million children will swallow medicines and household products which can be poisonous, and that 500 thousand adults will be responsible!

Harsh words, but nonetheless true. Because carelessness causes poisoning accidents as they generally happen to very young children — under five years old. But we CAN do something about these needless accidents — here with we offer a few suggestions.

Always READ the LABEL! and keep medicines and household products out of reach and sight of children — preferably in a locked cabinet. Keep them in their original containers, never in Coke bottles. Never take medicines in the dark or in the presence of children and refer to them by their proper names, never as "candies."

Poison proof your home . . . the lives of your children are at stake. Bring your questions to our pharmacists, they will be more than glad to share their knowledge with you.

Social and Club Activities

**Brenner, Darling Engagement
Announced At Champagne Party**

Mr. and Mrs. William E. Stevenson of 50 W. Carter Ave., Sierra Madre, announced the engagement of their daughter, Mary Martha Brenner, to Mr. David Sidney Darling, son of Mr. and Mrs. Sidney J. Darling of 4841 Revlon Drive, La Canada, at a champagne party in honor of the couple held at the Golden Cock Restaurant, on Valentine's Day, Feb. 14.

The bride-elect is a graduate of Sierra Madre Elementary School, John Marshall Junior High, Pasadena High, attended Pasadena City College, and is presently employed at the Automobile Club of Southern California. She was one of the four Rose Queens on the Sierra Madre float in the Tournament of Roses Parade in 1964.

The bridegroom-elect is formerly from Grand Rapids,

Mich., a graduate of Pasadena High School, and is now attending Pasadena City College.

The couple has set their wedding date for July.

**New Foothill
Jewish Temple-
Center In Arcadia**

A new jewel has been added to the Arcadia crown of beautiful objects. The new Foothill Jewish Temple Center, 550 S. Second Ave., Arcadia.

Arcadia was chosen as the place to locate the beautiful Temple by the amalgamation of the Sierra Madre and El Monte congregations, and includes members within a 15 mile radius. The newest and largest Conservative congregation in the San Gabriel Valley.

On March 13, the congregation will celebrate the traditional Purim Ball, in remembrance of Jewish salvation through Queen Esther after their condemnation by Haman, as described in the Book of Esther.

President Frank Ackerman states that 60 couples have already agreed to come in costume. All will also be welcomed in ordinary attire. Entertainment will consist of a live orchestra, prizes, Purim goodies, hot drinks and movies and photographs of all appearing in costume.

**Job's Daughters
Mother's Club
Plan Hatnanny**

The Mother's Club of East Pasadena Job's Daughters Bethel No. 128, Mavis Morgan, Honored Queen, is sponsoring a Hatnanny, (Spring Hat Party), on Saturday, March 27.

It will be held at 1525 Riviera Drive, Pasadena, from noon to 4 p.m. Purse will also be available.

Being featured poolside from 2 to 4 p.m. will be the popular Crown City Balladiers, Tom Padrick, Chuck Edwards and George Haver.

The chairman of the affair is Mrs. Mary Kemp, ways and means chairman. Assisting her is Mrs. Betty Brown, president of the Mother's Club; Mrs. Jean Davis, treasurer; Mrs. Bernice Morgan, publicity; Mrs. Pat Livingston, invitations; Mrs. Anne Heather, refreshments; Mrs. Louise Scribner, coordinator, and Mrs. Marilyn Pursley, decorations.

The proceeds from the Hatnanny will be used to underwrite transportation costs for the Bethel Daughters going to Squaw Valley for Grand Bethel in June. Refreshments will be served and the public is invited.

Door prizes of a recording by the Balladiers and a free hat will be awarded.

Danish farmers operate nearly 1,200 cooperative dairies.

Last year 800,000,000 ball-point pens were sold in the U.S.

In the course of applying make-up, some women appear to forget or ignore a few basic fundamentals. Keep in mind, for instance, that lighter make-up tends to bring out the area it's applied to. Conversely, areas one wishes to show less prominently, are shaded with darker make-up. Remember, too, to use a light touch to avoid the heavy, blotchy clown-like effect of make-up applied too vigorously.

Something else to remember when it comes to attention to your hair is PETITE BEAUTY SALON, 185 West Sierra Madre Boulevard, Sierra Madre. The U.S. used 2,600,000 tons of aluminum in 1964.

**Delta Zeta Plans
Dinner Meeting**

"Oberammergau and Its Passion Play" is the topic of the program being presented by Mrs. Reserl W. Keen to Pasadena Foothill Alumnae of Delta Zeta during the monthly dinner meeting at the home of Mrs. Arabelle H. Green, 1400 San Carlos Road, Arcadia, on Thursday, March 11, 6:30 p.m.

A native of Oberammergau in Bavaria, Germany, Mrs. Keen was a soprano soloist at the Passion Play performances in 1930 and 1934. She will show slides of the village and of the Play, according to Mrs. Henry D. Shaw, vice president. Mrs. Keen came to the United States about 25 years ago and now resides in Eagle Rock where she is president of the Women's Century Club and program chairman for the Verdugo District.

Dinner chairman Mrs. Arden D. Boller's committee includes Mrs. William P. Markling, Mrs. William A. Healy and Mrs. John P. Welch. All area Delta Zetas are invited to make reservations with Mrs. Harold J. Simpson, 446 2402, or Mrs. Raymond C. Pyley, 796-7734.

Mrs. Martin Thompson and Mrs. Richard Pepper were assisted by Mrs. Peter J. Sbica, Mrs. Michael N. Lompart, Mrs. Charles W. Weis, Mrs. Herbert Carstens, Mrs. James Vance, Mrs. Harold J. Simpson, Mrs. Donald Van Steenwyk, Mrs. Jesse W. Syme and Mrs. Raymond C. Pyley when Pasadena Foothill Alumnae of Delta Zeta served a luncheon to Braille Club members on Wednesday, March 3, at the Pasadena Braille Club, 386 S. Los Robles, Pasadena.

The annual luncheon is one of the many local and national service projects in which Delta Zetas participate. They also put on their walking shoes and do miscellaneous shopping for the blind who attend classes in Braille and crafts at the club, according to Mrs. Martin Thompson, alumnae president.

S.M. Hospital

were cared for at the hospital during the past year with childbirth closely approaching a stork visitation a day. The medical staff has had many qualified physicians added to its personnel.

Virginia Lighthizer, president of the Hospital Auxiliary gave a report of their activities during the past year which included a contribution to the hospital of over \$2,500 for purchase of new equipment. A highly successful function of the auxiliary has been in the procurement of blood donation for Red Cross replacement in hospital use of 119 units.

Fourteen Auxiliary members now cover the reception desk during visiting hours, each giving a total of 85 service hours each month. Another function of the Auxiliary is in the form of a Maternity Coffee and Hospital tour for expectant mothers, which has proved very helpful and popular to those approaching childbirth. A baby photo service has also proved very popular and profitable, as well.

Laterman To Meet With Republicans

Assemblyman Frank Laterman will be the speaker at the meeting of the East Pasadena-Sierra Madre Republican Women's Club on Thursday, March 11, at 10 a.m., at 2727 New York Drive.

Mrs. R. R. Dewees will present Assemblyman Laterman who is flying in from Sacramento with first-hand information on the reapportionment issue. He will have the answers to many of the questions that confront us on the forthcoming reapportionment. Among the questions are these:

1-How do we get a "stay of execution" before the July 1 deadline?

2-Do we need a 1965 special census?

3-Should the state senatorial district conform with the congressional district?

Mrs. Stuart Zuck, president, urges all interested women to attend this meeting so that they may be better informed on the recent Supreme Court decision.

Reservations may be made by calling Mrs. Charles Seitz, 355-9933.

Flournoy Report

by Assemblyman
Houston I. Flournoy
4TH ASSEMBLY DISTRICT

A realistic compromise in California's war on smog has been proposed in a new bill offered by Senator Randolph Collier, chairman of the Senate Transportation Committee.

The bill, if enacted, would prevent a drastic retreat in the smog war and at the same time avert the hasty installation of millions of crankcase devices which, if improperly installed, can create havoc under the hoods of some of our cars.

As things stand now, most owners of older cars have been granted a one-year postponement on the crankcase device requirement. Only those persons operating commercial vehicles or purchasing a new or used passenger vehicle must have an approved device.

The proposed Collier Bill would:

1. Retain the present one-year moratorium, but reschedule the installation of crankcase devices on all cars, 1955 through 1962, beginning next January.

2. Require that all new United States automobiles from 1966 on sold in California be equipped with both crankcase and exhaust devices.

3. Require the installer to certify the installation of the device.

4. Establish inspection stations throughout the state for the required annual device inspection - a pre-condition for vehicle registration.

5. Give the Highway Patrol authority to license installation and inspection stations and authorize its personnel to issue wind

There are about 4,000 mobile home parks in California.

Associated Women Student Week Set For March 15-19; Full Week Program

Associated Women Students of Pasadena City College has announced its spring edition of Women's Week — March 15-19, according to Donna Broxson, AWS president.

Gretchen Muenzenmayer of Eagle Rock, vice president in charge of Women's Week activities, announces the following daily events:

Monday, March 15, balloting begins for penny-a-vote contest for BMOG (Big Man on Campus). Gretchen Zeiss of Pasadena is in charge.

Tuesday, March 16, will be the fashion show at noon in the Campus Center Lounge for both men and women. School attire, sportswear, and formal wear from a community shop will be shown.

Wednesday, March 17, will be the AWS Open House in the Campus Lounge for students and faculty. Dawn Baker of Monrovia is chairman.

Thursday, March 18, the AWS will participate in the Associated Student Body-sponsored assembly featuring an exciting Polynesian show of Maori dancers, according to Glenda Franklin of El Monte, chairman. The winner of the BMOG contest will be announced. The penny-a-vote proceeds go towards the AWS scholarship fund.

On Friday, March 19, will be an Associated Women Students meeting open to all PCC coeds.

Other members assisting the committee are Jo Anne Heinz of Pasadena — programs and decor for Fashion Show; Linda Hardesty of El Monte — publicity; and Kristi Wadhams of Monrovia — piano accompanist for Fashion Show.

AWS officers include Mary Behmer of Temple City, recording secretary; Gretchen Zeiss of Pasadena, corresponding secretary; Gail Hawk of Whittier, treasurer. Mrs. Lucille Irvine is faculty adviser.

Arbor Day Observance Set For Sat., March 13

Arbor Day ceremonies scheduled at Robert M. McCurdy Nature Study Center in Eaton Canyon County Park, Pasadena, Saturday, March 13, 2-4 p.m., will include a guest list of valley conservation authorities, announces Supervisor Warren M. Dorn.

Guest speaker Beulah Edmiston, representing the Tule Elk, will deliver the keynote address, "Our Wildlife Heritage."

Guests will include Ronald Hein of the California State Fish and Game Commission, James Seaman of the Theodore Payne Foundation, Barbara Comer of Defenders of Wildlife, John Tyler of the Federation of Western Outdoor Clubs and Tasker Edmiston of Nature Conservancy.

Program highlights will include planting of a "Butterfly Grove" in Eaton Canyon by McCurdy and a wildlife feeding project by participating valley youth groups.

Arbor Day, a statewide observance last Sunday, commemorates the birth of conservationist and horticulturist Luther Burbank.

The holiday originated in Switzerland in the fifth century. Americans first observed the holiday in 1872 in Nebraska when the state's legislature set aside April 10 for annual statewide tree planting ceremonies.

Like most Plains States, Nebraska was nearly treeless at the time. The unusual success of this program accounted for Nebraska's emergence as a national leader in practical forestry. The state's legislature ultimately adopted the title, "Nebraska — Tree Planter's State."

California observed Arbor Day as a school festival beginning March 7, 1886, the anniversary of Burbank's birthday. State law still permits schools to transport children to areas where tree planting is scheduled on public property.

Methodist Conference Elects Treasurer

C. Raymond Meyers, 625 W. Maple Avenue, Monrovia, has been elected to the new post of associate treasurer of the Southern California Arizona Methodist Conference.

Formerly assistant treasurer, he will be succeeded in that post by Mr. George Williams, 1731 N. Altadena Drive, Altadena.

The elections were made by the Conference's Commission on World Service and Finance.

Bridge Classes Start March 29

The Pasadena Department of Recreation is sponsoring classes in beginning bridge instruction starting Monday, March 29, 7:30 p.m. All classes will meet at the Jefferson Recreation Center, 1501 E. Villa St. The Goren Count Point System of bridge will be taught to beginners.

Additional classes will start on Tuesday afternoon, March 30, 1 p.m. and Thursday evening April 8, 7:30 p.m.

Registration must be made prior to the day of the class at the Jefferson Recreation Center, 1501 E. Villa St., and information may be obtained on these and other bridge classes by calling 793-9177.

Concert Set For Sunday

The Pasadena Community Orchestra, Senior Division, will present one of a series of concerts on Sunday afternoon, March 14, at 2 p.m. at the Pasadena Senior Center, 85 E. Holly Street. This orchestra is a part of the Educational Services Division of Pasadena City College, and this is its third year under the direction of James T. Weber.

Membership in the orchestra is open to anyone qualified to play music of medium difficulty, both popular and standard. Weekly rehearsals take place on Thursday evenings from 7 to 9:30 at the Jefferson Recreation Center, 1501 East Villa Street in Pasadena.

Dog Training At Santa Anita

The Santa Anita Dog Training Group again announces that it will have to add classes to its obedience training schedule due to the demand at this time of the year. New classes will start both in Arcadia County Park and in Covina at the Sacred Heart School.

There will be a new Saturday afternoon class starting in Arcadia County Park, and it would be well for those interested to call and make a reservation for their dog as these afternoon classes are very popular and this will be one of the few Saturday classes starting as the weather is getting warmer.

The two Arcadia classes will start as follows: one on Saturday afternoon, March 13, at 2 p.m.; and one on Wednesday evening, March 17, at 7 p.m. The Covina class will start on Tuesday evening, March 16, at 7 p.m. There are still a couple of openings in the Arcadia Thursday evening class which will start on Thursday, March 11, at 8 p.m.

For further information please call either HI 6-6858 or EL 6-1096.

Catholics comprise 30 per cent of Yugoslavia's population.

Flournoy Reports

shield stickers denoting compliance with the proposed law.

While I have consistently supported the strongest possible legislation in the field of smog abatement, there can be no question that implementation of our laws became so snarled and confused that a one-year delay was necessary.

With another year of experience and the benefits of the Collier Bill, however, the smog device program should be workable and the installation of devices should proceed.

In the meantime it should be remembered that much progress has been made. Some 4 million vehicles in the state are already satisfactorily equipped with crankcase devices which are removing some 200,000 gallons of unburned gasoline from the atmosphere each day. Furthermore, tailpipe exhaust controls will be standard equipment on most automobiles sold in California starting in 1966, putting virtually smog-free cars on our highways for the first time.

Ultimately, stepped-up federal and state research for long range air pollution solutions should provide further and perhaps permanent answers to this noxious problem.

CHARLIE EATON PRACTICALLY INVENTED THE CHICKEN!

We know more about the anatomy of a plump, meaty chicken than its mother. We fry more of these silly birds in an hour . . . than many restaurants do in a week. Our suppliers never bring us anything but the top quality. They don't dare. So if your appetite is screaming "Fried Chicken" . . . why not get the best there is? We're ready for you at Eatons. Just bring money.

People's Counsel
All items on the agenda needing attention were satisfied, with a statement from the Council that they would spend not less than \$1,500 nor more than \$2,000 for the water system in the Carter Tract, this being the amount that would be expended should they build their own sprinkler system in Bailey Canyon. This based on the cost to the developer of the underground electric system and drainage system, which may lower the costs to the city. The price is based on the advantage to the city, and not on a percentage of acreage.
Council adjourned until March 23.

Donald Barnett In Maneuvers
Marine Private Donald W. Barnett, son of Mr. and Mrs. Donald L. Barnett of 375 E. Grand View, Sierra Madre, Calif., participated February 23-March 12 in a major fleet training operation called "Silver Lance" off the coast of California.

Kiwanians Hear First Hand Report On Flood Area

The Sierra Madre Kiwanis Club met Tuesday, March 9 for their regular weekly luncheon-meeting, and Carl Brand introduced the speaker Ed Mayo.
Having flown to Northern California, to the scene of the disastrous flood area, to help organize the work done by the Red Cross, Mr. Mayo could give a first hand report on the floods, and aid rendered. He told the Kiwanis that financial help was most desired and most given, this being the most beneficial, when a family has lost their home and belongings.

A Kiwanis Board meeting was held March 4 at the home of Kiwanian Bob Hatfield, at which time the president, Dr. David Kirkpatrick discussed the means by which they can procure the "meeting bell" and have it restored to its proper place at meetings. As the president pointed out it's so much easier to gain the attention of the fellow members with the "bell" to sound its familiar gong.

Rapid Transit Explains Proposed Jet-Age System

A "Master Plan" for a modern, jet-age, high-speed rapid transit system was reviewed this week by the Board of Southern California Rapid Transit District.

Maps showing the Master Plan were concurrently dispatched to civic, governmental and business leaders throughout the county.

The maps showed some 160 miles of SuperTravel lines, complemented by a new Feeder Flyer (express) bus network of more than 50 routes and new connecting local bus services, which will meet the multi-fold transit requirements of America's fastest growing metropolis.

Truly unique in its ability to provide fast, comfortable, quiet and convenient travel, the system will utilize air conditioned, electrically propelled "Transit Capsules" moving in subway, on surface and by skyline routes as required by population, land area and travel pattern demands.

Traveling at 40 per cent faster speeds than the peak-hour driving average, passengers on the "Transit Capsules" will be whisked to work, business conclaves, — Please turn to Page 13

To provide for the direct delivery and pickup of husbands by wives, special "kiss 'n ride" lanes will be established at loading points along with "park 'n ride" facilities for those who drive and park.

The most advanced techniques in transit vehicle design will be used to provide maximum safety at speeds of 70 miles an hour.

milk.

The Greek merchant fleet
totals 7,312,000 tons.

A double feature awaits
members and guests of the
Arcadia Republican Women's
Club, Fed., at their
regular monthly meeting
which falls on St. Patrick's
Day Wednesday, March 17.
The 10:15 a.m. business ses-
sion will be called to order
by the president, Mrs. E. C.
Rhodes, in the banquet room,
Eaton's Restaurant, 1150 W.
Colorado Blvd.

Mrs. Robert S. Whitmore,
Jr., program chairman, will
present the well-known edi-
torial columnist and propo-
nent of the Free Enterprise
System, George Todt as
guest speaker. Mr. Todt, re-
ceived with acclaim by the
group on two previous oc-
casions, will relate first
hand information on Viet-
nam, the trouble spot of the
world, recently visited by
the speaker.

Mr. Todt, the recipient of
the George Washington
Medal from the Freedom
Foundation at Valley Forge

and the prized James Madi-
son Award from the Free-
dom Club of Los Angeles, is
serving currently as presi-
dent and is a Fellow of the
American Institute of Fine
Arts and president of Delta
Kappa Epsilon Alumni As-
sociation of Southern Cali-
fornia. He is a member of
the Greater Los Angeles
Press Club and the American
Legion.

His activities have includ-
ed serving as president of
both the Los Angeles and
Pasadena Chapters of the
Sons of the American Revo-
lution, and was elected Cali-
fornia State President of the
SAR in 1964. In the same
year Todt was elected vice
president general of the Na-
tional Congress of the SAR.

Mr. Todt is sponsored by
the Coast Federal Savings
and is one of the original
two speakers who com-
menced the work of the
Free Enterprise Speakers
Bureau several years ago.
Also on the agenda will
be a report on current legis-
lation in Sacramento and
Washington, D.C., by Mrs. R.
R. Poppa.

The second feature, a "Fun
and Fund," event will be a
hat sale, directed by Mrs.
H. E. Lewis, ways and
means chairman. Two hun-
dred hats, direct from lead-
ing manufacturers will be
on display. With Easter
"just around the corner" this
will provide the club mem-
bers the opportunity of
being the smartest ladies in
the Easter Parade — and at
a most modest price.

Reservations for the
luncheon which will follow
the meeting may be made
with Mrs. M. R. Wilkerson,
355-1852.

The fear of fur is termed
doraphobia.

The U.S. uses about 400
billion gallons of water a
day.

Nearly 60 per cent of the
world's land is arid.

To Have Guest Speaker Mar. 15

Sierra Madre Chapter Na-
tional Society Daughters of
the American Revolution
meets Monday, March 15, at
7:30 p.m. in the Park house,
25 S. Hermosa, Sierra Madre.

Highlight of the evening's
entertainment, according to
the program chairman, Mrs.
James C. Greer, will be a
lecture by Kenneth W. Kin-
nucan, naturalist from the
Robert M. McCurdy Nature
Study Center at Eaton Can-
yon Park. Mr. Kinnucan holds
degrees in ornithology,
mammology and astronomy.
He is a member of the Na-

tional Astronomical Society
and will speak on "The Liv-
ing Universe," giving to the
novice some insight into
what this Space Age is all
about.

Chapter Regent, Mrs.
Gwendolyn Becker, will re-
port on the State Conference
in Sacramento which she at-
tended this week, and
wishes to reiterate that in-
terested members of the
community are always wel-
come.

Hostesses for the evening
are Mrs. John L. Saunders
and Mrs. Robert C. McBride.

United Way To Take Inventory

Does the voluntary spirit
have a future in America?

This question sets the
theme for the first county-
wide conference of volun-
teers of United Way-sup-
ported agencies on March 31,
9 a.m. to 2 p.m., at the Edge-
water Inn Marina Hotel,
Long Beach.

Mrs. Alexander B. Ripley
of Brentwood is general
chairman.

Luncheon speakers in-
clude J. M. Wedemeyer, di-
rector of the California De-
partment of Social Welfare,
on "Partnership with Public
Agencies," and Jack P. Crow-
ther, superintendent of Los
Angeles City Schools, on
"Rededication to the Volun-
tary Spirit."

Also speaking briefly at
the luncheon are Mayor Ed-
win W. Wade of Long Beach
and Ernest J. Loebbecke of
Altadena, founding and hon-
orary president of the United
Way.

At the morning session,
Verne Orr of Pasadena,
president of the United Way,
will touch upon "Check
Points of Progress," after
which several volunteers
will speak to the questions:
"How can United Way
raise more money?" "Is the
voluntary dollar important?"
and "Does United Way chal-
lenge corporate leaders?"

Sabbath Services Friday, March 12

Sabbath Eve services at
the Foothill Jewish Temple-
Center, 550 S. Second Ave.,
Arcadia, will be held on
Friday evening at 8:15 p.m.
Rabbi Max R. Wasser will
officiate and his sermon
subject will be "Remember
Amalek."

Cantor Salomon Edelman
will chant the liturgy of the
service.

The Temple Choir under
the direction of Philip
Deutschman, sings on alter-
nate Sabbaths.

The prayer over the Sab-
bath lights will be offered
by Mrs. Bernice Blacher.

Following the service, an
Oneg Shabbat (Sabbath
hour of Fellowship) will be
held in the Social Hall, host-
ed by Mr. and Mrs. Leon
Blacher, Mr. and Mrs. Simon
Elter and Mr. and Mrs. Roy
Honeyman.

Sabbath morning services
will be held at the Temple
on Saturday morning, begin-
ning at 9:30 a.m.

There are about 700 arti-
ficial skating rinks in the
U.S.

Joe Stockett In Maneuvers

Airman Apprentice Joseph
C. Stockett, USN, son of Mr.
and Mrs. J. P. Stockett of 247
Santa Anita St., Sierra Ma-
dre, Calif., participated Feb-
ruary 23-March 12 in a ma-
jor fleet training operation
called "Silver Lance" off the
coast of California while
serving aboard the attack
aircraft carrier USS Orisk-
any.

The operation, under the
direction of the Commander
of the First Fleet, is provid-
ing extensive training in
every facet of naval and
amphibious warfare. Partic-
ipating units are receiving
training in strike, anti-sub-
marine, mine and counter-
mine, anti-air and electronic
warfare.

"Silver Lance" involves
more than 60 ships and 50,
000 Navy and Marine Corps
personnel.

During the operation, air-
craft from the Oriskany are
providing strike and close-
air support to the Marine
Corps sea assault force.

There are 283,000 physi-
cians in the U.S.

Sierra Madre News
Dr. Henry V. Witty, Co-Publisher
P.O. Box 37
Sierra Madre, California

Dear Dr. Witty:

We have received many, many letters complimenting us on the fine services that we have rendered over the past years, and we know how this makes a businessman feel. We therefore give you the following unsolicited testimonial:

The Double Page Advertisement that was run in the Sierra Madre News on Thursday, February 25th was tremendous . . . as far as can be detected, never in our 37 years of service to the area has any advertisement created so much attention, and secured so much business and new accounts for us.

Four complete landscape jobs have already been credited to this advertisement. Also we sold four King 'O Lawn Edgers, and a host of other items that we had on sale.

The number of people that visited our store for other items, and mentioning that they had seen the advertisement in your paper, was highly gratifying to us, and we thank you for your fine lay-out in making this advertisement so impressive.

Sincerely,
Robert M. Luke
Assistant Manager

City Receives Funds From Peace Officers Training

Howard W. Campen presented the city with a check in the amount of \$513 as its share of the 1964 allocation from the California Peace Officers' Training Fund. Campen stated that Sierra Madre qualified for the money by strictly adhering to the standards for selection and training of peace officers prescribed in the Administrative and Penal Codes of California.

He reported that the prime objective of the Peace Officer Standards and Training Program is to raise the level of competence of local police officers and deputy sheriffs through the establishment of minimum standards for their selection and training.

During 1964 the City trained two newly employed officers. The officers received their training at the Pasadena City College, which meet the high standards re-

quired of Commission certified peace officer training facilities. He further stated that each newly employed trainee received a total of 200 hours of basic classroom instruction in addition to field training.

Mayor Sorensen accepted the check on behalf of the City of Sierra Madre. Howard W. Campen, chairman of the Commission on Peace Officer Standards and Training, stated that Sierra Madre is one of 360 cities and counties which has voluntarily adhered to the California Peace Officer Standards and Training Program.

He stated the program has been in operation since October 1960 and during that period cities and counties which met or exceeded the standards have trained 7,800 officers and have received a total of \$2,038,400 in aid from the Peace Officers'

marked. "It is of interest to taxpayers that no tax funds are paid into the California Peace Officers' Training Fund which finances the program. The fund is financed by an assessment on criminal fines, collected by local courts and forwarded to the State Treasurer. Thus, the criminal violator who makes the training necessary pays the bill, rather than the law abiding taxpayer."

During 1964, 2,177 California peace officers averaged 407 hours of classroom training in the basic recruit course. In addition, 419 supervisory officers averaged 102 hours of training in the elements of supervision. The allocation to cities and counties during this period totaled \$789,885.

The commission has determined that 17,630,000 Californians or 97 per cent of the total population are served by police departments and sheriffs offices which meet the minimum standards. Three per cent, or 600,000 citizens reside in 89 cities and counties which have not yet taken steps to participate in the program.

Commenting upon the program, Attorney General Thomas C. Lynch stated, "The level of competency of law enforcement in California is the highest in the nation, yet the ever increasing population, the complexity of modern society, rapid transportation and utter disregard for political boundaries by criminal and traffic offenders presents an ever increasing challenge to the administration of justice in California."

"A great stride toward professionalizing California law enforcement was taken by the California legislature in 1959 when the Peace Officer Standards and Training Program was created. The standards which have been established for the selection and training of peace officers are extremely practical. Our law enforcement agencies must strongly depend upon one another to wage an effective fight against crime. The efficiency of one law enforcement agency is greatly influenced by the quality of others. To fulfill our obligation, we must establish and maintain a strong and completely linked chain of efficient local law enforcement agencies throughout the entire state."

The citizens of every city and county in the State of California should insist that their law enforcement personnel meet the minimum standards for selection and training as established by local government through the Commission on Peace Officer Standards and Training. The 89 cities and counties which have yet to take part in the program should immediately take advantage of the opportunity to properly select and train their peace officers."

Heart Fund Drive Sunday Is Successful

Pennies from heaven and dollars from donors make hope for all hearts.

With 80 per cent of the Heart Sunday contributions from the people of Sierra Madre counted, amounting to over \$1,846.07 it appears that the West San Gabriel Valley Branch of your Los Angeles County Heart Association is well on the way toward helping meet the county-wide Heart Fund goal of \$2,085,000.

Mrs. Theodore Proctor, 280 San Gabriel Circle, Sierra Madre, Sierra Madre Community Heart Sunday Chairman reminds all residents that if they were not contacted by their Heart Neighbor personally to be sure to send in the pre-addressed "Sorry I Missed You" envelope with their contribution to the 1965 Heart Fund campaign.

Heart Fund contributions have made possible the various research and public and professional education programs and the community services provided by your Los Angeles County Heart Association in the fight against the Nation's Number One Killer — heart and blood vessel disorders.

Last year at this time more than \$1,410 of the Heart Sunday contributions from the citizens of Sierra Madre had been tabulated. Total donated last year was \$1,640.

Begonia Meeting

San Gabriel Valley Begonia Society meets Friday, March 12 at 8 p.m. at the Arboretum in Arcadia. Olive Westcott, an interesting speaker, who has just returned from a trip touching on the countries of the Pacific will describe the Japanese Begonia Society. Slides will be shown of the exotic flowers of the tropics. The public is invited.

Jim O'Leary Wins 2nd Level in Competition

It is to provide an opportunity for competitive public speaking among students on a subject of vital interest to the contestants and to the American people as a whole. It is to stimulate self expression and independent thinking, to present to the public, through the student speakers, the problems surrounding the maintenance of this commonwealth as a free nation and to consider the means at our disposal of meeting the present and future world problems. For the Lions member it increases and maintains interest in the very vital field of education. It brings to him a true appreciation of the basically fine characteristics in a majority of the students today. Also, it emphasizes the sincerity of purpose of those teachers, such as Jim's speech teacher, Joe Coccoro, who combine with their vocation many additional hours of speech coaching in order to develop in students the quality of a winner. Jim certainly backs this latter statement when he stated, "I owe any speaking abilities I might have to my teacher and speech coach, Joe Coccoro."

The third step in Jim's quest for the \$1,500 scholarship will come on March 25 when he will compete with contestants from the Foothill Region of the Lions organization which, through their own contest elimination, will be comprised of two students from two of the following clubs: Alhambra, Alhambra Sereno, Monterey Park, San Marino, Arcadia, Rosemead, San Gabriel Valley, Santa Anita and South San Gabriel.

One might ask, what is the purpose of the contest?

Women's Group Medical Ass'n Luncheon Meeting

Pasadena members of the Woman's Auxiliary to the Los Angeles County Medical Association will hold their monthly luncheon meeting on Monday, March 5 at 1:30 a.m. at Annendale Country Club. Pre-Easter fashions will be presented in a show moderated by Mrs. Earle Cartwright and arranged by program chairman, Mrs. John Kieffer.

Auxiliary members Mrs. Warren L. Jonas, Mrs. William A. MacPherson and Mrs. Jerome K. Fisher will model spring fashions. Mrs. Henry Moorman will provide background music for the show.

Mrs. Fordyce Johnson, president, will discuss the Doctor's Symphony, a county-wide benefit to be held at the Music Center this month.

SYcamore 7-9634

Begorra — Tis around that time of year it's gettin' to be when the little people will be dancin' about being glad they are Irish and the leprechauns will be doing whatever leprechauns do when it is St. Patrick's day. I notice there is a great unrest among the toads and snakes in our garden. Do you suppose they think that St. Patrick is going to arrive out of the blue and drive them into the swimming pool? I tried to communicate the fact that St. Patrick only drove the snakes and toads of Ireland into the sea, not the common garden variety found in our yard. This did not seem to comfort them one little bit, and as I listened carefully I heard one tiny little voice from under a green four leaf clover saying "but I'm an Irish Toad!" — ???

That gay group you may have noticed in the in-field at Santa Anita last weekend was out there for the sole purpose of enjoying a "Derby Day Lawn Party," with no motivation other than wanting to be among their friends doing something enjoyable together. Everyone brought their own food and refreshments and had a picnic right in the center of the track. What a beautiful setting it was with a profusion of flowers in the foreground and the mountains in the background.

Among those that were invited were the Forrest Paxsons, Bud Knudsons, Alan Stearns, Brewster Benedicts, Warren Clements, Phillip Shepherds, Warren Bacons, Robert Farmers, Robert Morans, Bill Olsons, Charlie Hardison, Dom Gangregorios, Tony Bolands, Gordon Wrights, Charles Goldsworthy, Jim Smiths, Robert Hunts, Edward Barnes, Alan Boales, John Sorensens, Victor Coffees, C. Hodges, Frank Nobles, Darrel Wrights, Edward Rosics, John Roberts, and the Louis Dixons. The whole affair was started by the Gene Rodes and the Don Hays. They go into the winners circle for the good idea of the season.

Mrs. Kenneth Christianson and Mrs. William Baugh

were co-hostesses last week for a lovely Rosemary Cottage Benefit bridge luncheon. I've never heard of a party with so many prizes. There were prizes for coming early or coming late, there were several score prizes, and there were prizes for slam bidding, and there were even prizes for doing just nothing scorewise. That's the kind of party I like.

The guests invited were Mrs. John McKenna, Mrs. Helen Baker, Mrs. Bernard Tindall, Mrs. John H. Saunders, Mrs. Robert Knopp, Mrs. William McCormick, Mrs. J. Clifford Wilcox, Mrs. Paul Siebert, Mrs. Homer Murphy, Mrs. Leslie Garlinghouse, Mrs. Robert Mardian, Mrs. Ted Spence, Mrs. R. E. Baum, Mrs. B. Oliver, Mrs. E. D. Mauplin, Mrs. A. C. Watson, Mrs. Jerry Leon, Mrs. Richard Fox, Mrs. Gerald Friederici, Mrs. Blair Hyde, Mrs. Vincent Huebner, Mrs. Carlton Carver, Mrs. Harry Christiansen, Mrs. "Hap" Frazer, Mrs. Robert Gibson, Mrs. Howard Owen, Mrs. William Olson and Mrs. Henry Asher. Those invited but unable to attend were Mrs. Eldon Osborn, Mrs. Alfred Allen, Mrs. William Caldwell, Mrs. John Roberts, Mrs. William Blakeley, and Mrs. John Griffith.

Friends of Dr. Ralph M. Rogers will be happy to learn that he is recovering rapidly from his emergency surgery last week and is already home and rarin' to go. I understand he got St. Luke re-organized a little before he vacated his room, and now is busy organizing Mrs. R. ... Can't get a good man down "no-how." Art and Ginny Welsh of Wynn Road had a little get-together for Chuck and Margaret Klingerman and Bruce and Carol Wagner. You can be assured that there was much exchange of maps, data, and itinerary as the two couples discussed their forth-coming trips abroad. The Klingermans plan to be gone around two and one half months and the Wagners will remain abroad for around six weeks.

The other guests were the Robert Griswolds, the Leon Begins, and the Paul Sieberts.

I can't tell you how good it is to see lights on again at 3450 Fairpoint. Alan and Beverly Wayte have moved in with their two little boys. David, their eldest son, is four years old, and little Larry is going to be two in June.

Mr. Wayte is a corporate attorney with the firm of Adams, Duque, and Hazeltine, located in the Pacific Mutual Building in Los Angeles. I asked Beverly if she had any hobbies and she said she loves to garden. Having a flowerless yard and being right next door I am eagerly waiting the results of her hobby. Alan enjoys golfing, but if things turn out the way Beverly has planned he will probably soon enjoy house painting as a hobby. Welcome to the neighborhood!

Mexico has 31,000 miles of all-weather roads.

Rapid Transit Explains Proposed System

More than 30,000 passengers an hour will be carried in each direction with service every 90 seconds during peak periods.

Seats will be soft, comfort-designed with greater width to provide the utmost in passenger comfort. Custom designed and detailed to meet specific requirements will be the lighting and visioneering windows. A combination of air and coil springs—combined with extensive use of shock absorbers—will enhance the cloud-like ride on the "Transit Capsules."

The linking of every community in the region with the high-speed transit arteries and the extensive feeder lines is essential to meet the long range demands of the people, commented District President Harry A. Faull, Adding: "The freeways and highways of the Los Angeles region are the finest and most extensive in the world. "Without them, street traffic would come to a halt. "However, freeway planners and builders have stated flatly that the freeway system—even when completed—will be overburdened far beyond capacity if there is no rapid transit to relieve the congestion.

"Freeways can best fulfill their role as movers of people and goods when there is an added rapid transit system which will insure freeway adequacy."

Faull said the District is prepared to begin construction now — with proper financing—on the first phase of the transit network between the San Gabriel Valley and West Los Angeles. The initial phase will provide for the construction of 23 miles of SuperTravel lines, including 12 miles of subway in the area of heaviest concentration—between West Los Angeles and downtown Los Angeles.

While the initial San Gabriel Valley-West Los Angeles phase is under construction, preparation will be made for implementing engineering on lines from Long Beach to Hollywood and to the west San Fernando Valley.

Meanwhile studies will be completed on extension of the initial phase from West Los Angeles to Santa Monica and from El Monte to West Covina, work simultaneously proceeding on the proposed lines to the Central and East San Fernando Valley, to Pasadena, to the South Bay and to the southeast portion of the county.

District President Faull noted the "choice" of driving or not driving, which comes only with rapid transit, "affords a variety of resulting benefits," continuing:

"Area-wide balanced transportation will provide the free movement that insures continued, healthy economic activity in all communities of the region.

"Increased property values and higher levels of business activity will expand the tax resources to the advantage of all residents."

Other rapid transit benefits cited by Faull include the reduction of costly accidents, the saving of lives, reduced smog, and many other savings, including reduced insurance premiums.

The National Bureau of Casualty Underwriters and

the National Automobile Underwriters Association have informed the District that annual insurance savings of from \$13 to \$62 can presently be realized if rapid transit is used in connection with trips to and from work.

"The legislative program, adopted January 20 by the District Board was prepared upon review of this Master Plan," Faull noted, concluding: "And if the legislature acts favorably when our program is presented as a Bill, construction can commence some time next year on the first phase of the total system."

Harold Derk Now On Staff

Dr. Ralph J. Martin announces the appointment of Harold R. Derk, D.C. of Los Angeles to the position of staff associate of the Foot-hill General Health Service, 478 W. Sierra Madre Boulevard.

Dr. Derk received his doctorate from the Los Angeles College of Chiropractic, and served his externship with

the Glendale Chiropractic Clinic. In his new capacity Dr. Derk will be available for consultation as well as general chiropractic services. Regarding chiropractic treatment, Dr. Derk quotes Thomas A. Edison in saying, "The doctor of the future will give no medicine, but will interest his patients in the care of the human frame, in diet, and in the cause and prevention of disease."

Dr. Derk has been a resident of the Los Angeles area since 1933, where he now lives with his wife and family.

Scientists To Study Sunday About Son

The parable of the prodigal son is featured in this week's Bible Lesson on "Substance" to be read in Christian Science churches Sunday. Rejoicing to see his son's return, the father said: "For this my son was dead, and is alive again; he was lost, and is found" (Luke 15).

How everyone must eventually find the "substance" of his own life is brought out in the Christian Science textbook: "It is only by acknowledging the supremacy of Spirit, which annuls the claims of matter, that mortals can lay off mortality and find the indissoluble spiritual link which establishes man forever in the divine likeness, inseparable from his creator" (Science and Health with Key to the Scriptures, by Mary Baker Eddy, p. 491).

VENT

for the "other side"
by "VAN DYKE"

(Lee Ellerbrock)
We are living today knee-deep in "reality" — from the movies which claim to portray life "as it really is" and books speaking of the "average man, both filled and almost entirely with the sexual predicaments, expectations and aberrations of "modern man," to a general skeptic and "rational" philosophy of life which despises idealism, sets up no ethical standards and reduces our existence to a "dog-eat-dog" struggle.

Children are being taught early to reject "fairy tales" and "Santa Claus myths," as soon as they grow up, their elders persuade them to give up one ideal after the other in order to prepare themselves to face "reality" — to soften the glow when raw life and the impact of our cruel and egoistic world try to crush their spirits. Instead of teach them to hold on to their ideals, to strengthen them, in order to better this world in which they find themselves — to change current history rather than suffering it — to work for the realization of their dreams of universal love and peace which they had in their youth, we stifle their enthusiasm and prepare them for our miserable contest for the survival of the fittest . . .

Violence seems to be on the increase everywhere and the axiom "Don't be a sap and get involved" keeps the

majority of the people from helping their fellow-man. We are too busy, have become too impersonal in this computer age, are too pre-occupied and have closed the shutters over our emotions too tightly, to stop and act. We are afraid of having to testify in court, of losing precious time, of being hurt or sued for damages.

We must labor again for the erection of a mighty dam of ethical ideals, strong and powerful enough to halt this current trend of inhumanity, violence and immorality. We have tried to live without a "world-view" — we must again ask and find answers for such simple questions as "What is the meaning and purpose of our existence and the world in which we find ourselves?" "Why do I live?" and "How should I live?" We must be driven out of our thoughtlessness and start thinking again about these elemental questions. We can no longer let social, religious and political organizations do the thinking for us and follow their advice like we methodically buy the toothpaste suggested on our television sets. We must think ourselves again and profoundly influence the organizations to reflect our personal morals.

One cannot say that he can do nothing toward changing and shaping the mental disposition of mankind, that he is too unimportant an individual in the sea of events. A meadow would be bare without its single blades of grass and a beach nothing without its tiny particles of sand. In voting, it is your ballot which is a decisive as any one else's — there would be no election of a candidate if each one of us would stay at home thinking that our vote is unimportant . . .

Reflection upon these elemental questions will most certainly lead us to the right way, guided by "love beyond all understanding" — the beam of light reaching us from eternity. Only if the majority of us will do this, can we counterbalance the violence, misery and inhumanity of our time.

Dr. Albert Schweitzer, now still active and "young" although 90 years old, wrote the following about the ideals of youth and his own in his Memoirs of Childhood and Youth:

"The knowledge of life which we grown-ups have to pass on to the younger generation will not be expressed thus: 'Reality will soon give way before your ideals,' but 'Grow into your ideals, so that life can never rob you of them.' If all of us could become what we were at fourteen, what a different place the world would be! As one who tries to remain youthful in his thinking and feeling, I have struggled against facts and experience on behalf of belief in the good and the true. At the present time when violence, clothed in life, dominates the world more cruelly than it ever has before, I still remain convinced that truth, love, peaceableness, meekness and kindness are the violence which can master all other violence. The world will be theirs as soon as ever a sufficient number of men with purity of heart, with strength, and with perseverance think and live out the thoughts of love and truth, of meekness and peaceableness."

GIRAFFE
STEAK
IS FOOD
FOR
THOUGHT

Because many African nations are faced with both overpopulation and inefficient farming methods, scientists have suggested using game animals as a source of protein. Their studies have shown that some wild animals are more resistant to disease and provide more edible meat per pound than domestic cattle. The study of food and population is just another way modern science serves you.

Bonelli Blasts Dept. Heads Asking Employee Increase

Supervisor Frank G. Bonelli today accused most department heads in County government of making a mockery of a previous Board of Supervisors' order freezing all new employee positions and demanding adherence to a strict attrition program under which those leaving County service would be replaced only when absolutely necessary. They are flagrantly asking 3,758 additional positions in preliminary department requests for the 1965-66 County budget at a price tag of \$28.6 million, Bonelli declared.

"With 14 department heads yet to be heard from, only five department heads apparently have taken seriously the Board's employee freeze and attrition program in bringing in requests for reductions from last year: namely, Kenneth Wolff, Agricultural Department, 2 positions; Roscoe Hollinger, Auditor-Controller, 2 positions; Norman Johnson, Parks and Recreation, 6.9 positions; Dave Bogen, Juvenile Hall, 2.6 positions, and Harold Ostly, treasurer, 5 positions, for a total requested decrease of 16.7 positions," Bonelli noted.

"In addition, only three other regular departments seek no change in employee requests for the new budget year — the Livestock Department, Real Estate Management, and Senior Citizens Affairs."

Bonelli warned, "The addition of 3,758 new employee positions would alarmingly increase the to-

tal number of all County employees to the staggering new historical high of 51,581 employees, resulting in reverse ratio of 1 out of every 134 people residing in Los Angeles County being on the County's payroll. This drastically changes the present 1 in 145 basic ratio heretofore existing, resulting in the number of County employees alarmingly increasing faster than the population within the County. This would be intolerable. The trend must be reversed.

"The Board's drastic action disallowing departmental requests for additional positions for 1965-66 now is imperative if we are to adhere to our pledge of holding the line or making a reduction in the property tax rate and not increasing the budget," Bonelli asserted.

Water water everywhere

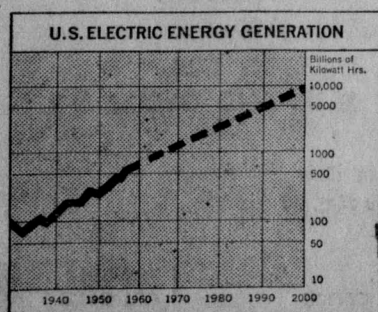

Today you could actually drink a glass of pure, fresh water produced from the salty Pacific Ocean. You see, fresh water is being produced at the experimental sea water distillation plant operated by Southern California Edison in connection with its steam-electric generating station near Oxnard.

Someday this project may help solve one of the Southland's most pressing problems: the need for more water. Any project that helps improve living conditions and encourages development of this area is of vital importance to Edison.

Additionally, a great deal of research is underway by Edison and other investor-owned electric companies to uncover new techniques, methods and ideas for the generation, transmission and distribution of electricity.

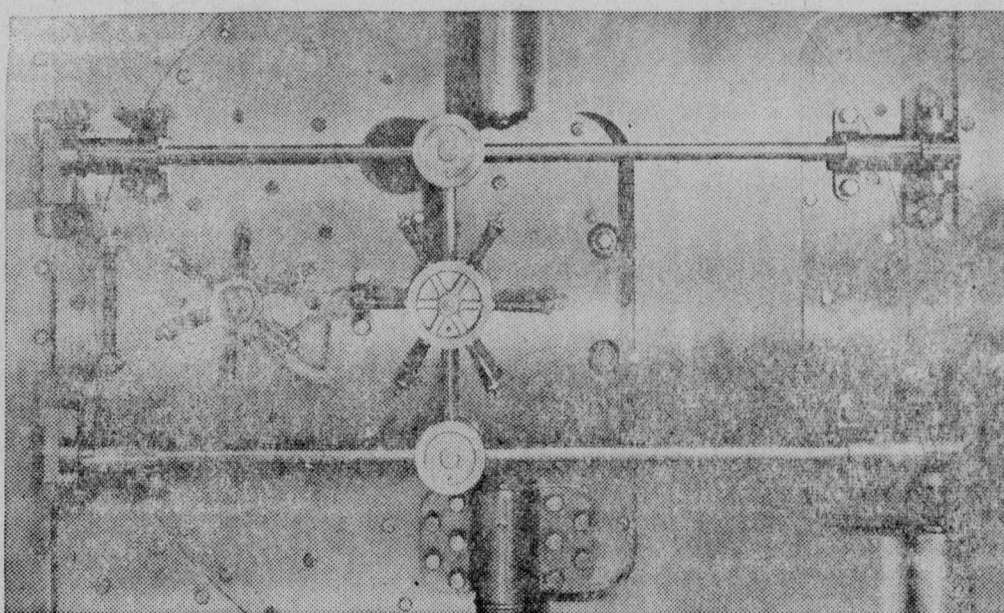

This research is part of the never-ending development of more and more low-cost electric power — and of new ways to use electricity to make your family's life safer, more pleasant, and more rewarding in the bright new all-electric future.

Here's the picture of power production up to the year 2000.

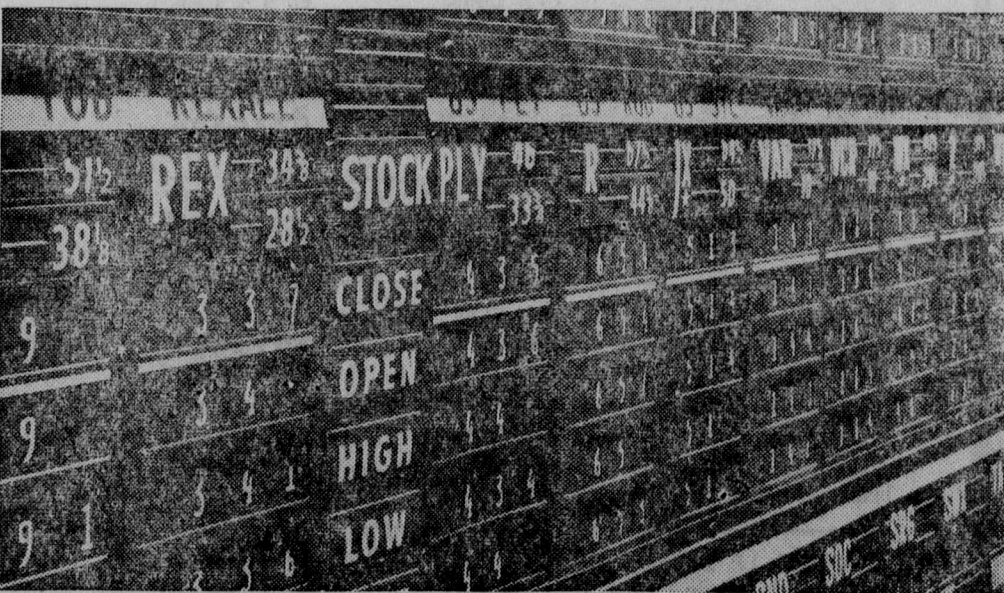

With the aid of research and the world's finest engineers and scientists, Edison and America's other investor-owned electric companies stand ready and able to meet in full the future power needs of all Americans.

Alpha Chi Omega Province-District Convention To Be Held March 19-20-21

The biennial Province-District Convention of Province XIX of Alpha Chi Omega will be held, March 19, 20 and 21 at the Miaramar Hotel in Santa Monica with all alumnae and collegiates from the Southern California area and Hawaii invited to attend. Events included will be Saturday morning workshops followed by luncheon and election of a new Province president and District Alumnae chairman. Among the awards to be

presented at the Saturday night banquet will be Woman of the Year. Mrs. Robert Stewart of Arcadia, president of Southern California Executive Board will recognize the girl with the highest scholarship from USC and UCLA by presenting three diamonds for her Alpha Chi Omega pin. Mrs. Arthur Westburg of Los Angeles, vice president of Southern California Executive Board, will present one diamond to each of the girls from the same schools showing the greatest improvement in her scholarship. A Sunday morning brunch will wrap-up the convention.

Mrs. Jack Kindred of Sierra Madre will be the official delegate from the Evening Group of the San Gabriel Valley. Also attending from this group will be Mrs. Elwood Laine and Mrs. Robert Stewart of Arcadia, Mrs. Ed Starr and Mrs. Hartley King of Pasadena, and Mrs. Phillip T. Henderson of San Marino.

Alpha Chi Omega Fashion Show To Be March 10

Alpha Chi Omega Alumnae of the San Gabriel Valley Evening Group will entertain members and guests at a salad luncheon and fashion show on Wednesday, March 10. The gala event will begin at 10:30 a.m. at the home of Mrs. Grant L. Changstrom of 1275 S. Oakland Ave., Pasadena. Mrs. Ed Colby, an Alpha Chi Omega alumna, will furnish the fashions, with Barbara Benedict acting as commentator and coordinator.

Members of Alpha Chi Omega will act as models. Some of those modeling will be Mrs. Elwood Laine, Mrs. James F. Lynch, Jr., of Arcadia, Mrs. Phillip T. Henderson, Jr., of San Marino, Mrs. Dwight Hollister of South Pasadena, and Mrs. Jack Kindred of Sierra Madre.

Some imported gift items will be displayed. Assisting Mrs. Changstrom as hostesses will be Mrs. John L. Dicmas and Mrs. Robert Stewart, and Mrs. Harry Kirby of Arcadia, Mrs. Eugene Moscarel and Mrs. Hartley King of Pasadena, Mrs. Robert Severson of San Gabriel, and Mrs. Fred Nygren of San Marino, and Mrs. Richard Reeve of South Pasadena.

Interested alumnae are welcome to attend and may contact Mrs. Changstrom.

PHYLLIS MARIE SEIPP

Engagement of Phyllis Seipp to John Castagna Announced Valentine's Day

Mrs. Virginia Seipp of Montrose announced the engagement of her daughter, Phyllis Marie, to John W. Castagna, son of Mr. and Mrs. G. B. Castagna of 31 E. Mira Monte, Sierra Madre, at a dinner party on Valentine's Day attended by the immediate families.

Miss Seipp is attending California State College at Los Angeles. She graduated from Crescenta Valley High School, where she was a member of the yearbook

staff, Spanish Club and Pep Club. She is a member of Bethel No. 271, Job's Daughters.

Mr. Castagna is concluding his senior year at California State College, where he is treasurer of Beta Chi fraternity. He was president of the Associated Student Body at Pasadena City College and graduated from Pasadena High School. A spring wedding is planned.

Shakespeare Jrs. Present Annual Drama Review

"Anything Goes" with Cole Porter's musical score which will ring out on March 19 and 20 at the Shakespeare Club auditorium, 230 S. Los Robles, when Shakespeare Club Juniors present their annual drama review. Curtain time is 8:30 p.m.

The story revolves around Bill Crocker's shipboard pursuit of a lovely lady, which leads to many a hilarious situation. Such characters as Reno Sweeney (night club proprietress and retired evangelist) and Moon Faced Martin (public enemy No. 13 in disguise), Bonnie Le-Tour and Sir Evelyn Oakleigh are Billy's main obstacles to this end. Final resolution of this entangled situation leads to an uproarious conclusion for all.

Drama chairman is Mrs. Joseph A. Plamondon, being assisted by Mrs. Kenneth Griffin, Mrs. David W. Stubbs, Mrs. Barry K. Williams, Mrs. Robert A. Martin.

Stan Zalas from the Pasadena Playhouse will again direct Juniors and their husbands in the review. Stage manager is Jim Cady. Others in charge of committees are: Mrs. Barry K. Williams, costumes; Mrs. John Lloyd, makeup; Mrs. Donald Dragset, stage properties. Dick Woodruff and Kathy Herbert are designing sets.

Among Juniors in the cast are: Montel Fox, Gina Allen, Carol McCabe, Kitty Tilton, Jackie Casey, Judy Starman, Jeanette Parker, Linda Staudt, Rosemary Simpson, Carolyn Martin and Kathy Rogers.

Male players include: David Stubbs, Cecil Hicks, Al Wach, Tom Matthews, Cal Cassey, Bob Ratliff, Dick Ratliff, and Don Hopf.

The public is invited and tickets are available from Shakespeare Club Junior members, and will also be on sale at the box office.

Shakespeare Club Hears Professor

The Shakespeare Club of Pasadena will present Dr. Arthur L. Bietz, professor at Loma Linda University and psychological consultant, on Tuesday, March 16, at 1:30 p.m. in Shakespeare auditorium. The subject of Dr. Bietz's lecture will be "Knowing Your Own Worth."

Mrs. T. William Heldner, president of the Shakespeare Club, will preside at the program, which will be directed by Mrs. Walter L. Benedict, program chairman. Mr. Frederick J. Kamminga, Pasadena attorney and director of the Legal Aid Society of Pasadena, will be the featured speaker at the luncheon meeting to be held at noon in Stratford House. Mr. Kamminga's subject will be, "The Functions of Legal Aid," and he will place special emphasis on aid to indigents. Mrs. John E. Burri, chairman of the Legal Interests Committee, will introduce Mr. Kamminga. The luncheon program is sponsored by the Public Affairs Department of the Shakespeare Club, Mrs. Langdon H. Tannehill, chairman. The Philanthropy Department Bridge Section of the Shakespeare Club of Pasadena will meet at Stratford House on Tuesday, March 18, at 11:30 a.m. for luncheon to be followed by bridge.

Luncheon hostesses for the day include Mrs. Marvin R. Ives, director of the Philanthropy Department, and Mrs. Redford A. Arrington, Mrs. Herbert Claudius, Mrs. Robert D. Gray, Mrs. Walton Talley, and Mrs. Florence Morris.

Mrs. G. G. Brubaker, chairman of the Bridge section, will introduce Mrs. Dorothy Prinz who will give a bridge lesson at 12:45 p.m. The lesson will be followed by an afternoon of bridge for the members.

Letters To The Editor Show Deep Feelings . .

Dear Editor:

Opposition was expressed by California Taxpayers' Association to a plea to the Los Angeles County Board of Supervisors on March 2 for a reduced work week made formally by Kenneth D. Larson, president of Los Angeles County Fire Fighters Association, Local 1014. Our statement is attached. The Board of Supervisors referred the plea to the Chief Administrative Officer for study and report at a later date. The following letter was sent:

Gentlemen:

The request for a cut in the work week of county firemen may sound reasonable and plausible when discussed by itself. However, it involves a number of serious questions. We recommend that you avoid piecemeal consideration of employee pay or work hours at times other than during the annual consideration of all salaries.

Los Angeles County is not the only employer of firemen subject to these pleas for a reduced work week. A soon-to-be announced study by the League of California

Cities will reveal an estimated cost in Los Angeles City of approximately \$1,672,000. The \$600,000 to \$1,000,000 per-year cost discussed for Los Angeles County plus similar costs for other cities in the County will bring the increased burden on your taxpayers to somewhere in excess of \$3,000,000 per year. Throughout the State it will be much higher.

Let us look for a moment at the so-called 62-hour week now worked by firemen in Los Angeles City and County. It sounds like a long, hard pull for these men. Actually this time is served in less than three 24-hour shifts per week. This calls for firemen to be on duty for nearly 130 24-hour work periods during the year at a pay level of about \$70 per period. It is interesting to note that during this 24-hour period only eight hours are assigned to work duties, the balance going for sleep, recreation and stand-by duty. This would seem to indicate a work week nearer 24 hours than 60 hours.

We wish to make two recommendations to you at this time:

1.—That you take no action now to reduce the work week for firemen and that you refer this matter to your Chief Administrative Officer

for his recommendation at the time of his report on all county salaries.

2.—Due to sharp differences in the duties, responsibilities and turnover of firemen and deputy sheriffs, we recommend that you instruct your Chief Administrative Officer to base his salary recommendations for firemen primarily on their duties, responsibilities and the ease of recruiting rather than upon the traditional relationship to the salaries paid deputy sheriffs.

—RICHARD WINTER
Director of Public Information
California Taxpayers' Association

Hon. Mayor & City Council
Sierra Madre
California

Gentlemen:

In arriving at an equitable solution of the distribution of costs to be incurred in placing a small reservoir to serve four high lots in Tract 30242, plus Bailey Canyon Park, the following suggestions may be of assistance to you:

1. In accordance with the provisions of our Hillside Zoning Ordinance, all utilities must be installed underground. Therefore, in arriving at a guideline as to the cost to the City of a

separate pump station in Bailey, such cost, to be fair, should also include underground power—3 phase-220 volt.

2. Overhead power would be vulnerable either in case of fire or high wind-storm, in addition to being unsightly.

3. In years of "normal" rainfall, Bailey Canyon is graced with a very attractive stream through the spring months, until early summer, with the canyon walls fern covered, canyon maple, bay laurel, oak and sycamore in the canyon bottom.

4. A high level gravity water system, plus a line eventually extended to provide a year-round water supply for the 1/3 mile of canyon extending north and west from the end of the present road to the falls, would seem highly desirable. This would provide Sierra Madre with a unique publicly owned recreational area at minimum cost.

5. The 1.48 acre of land offered as a conditional gift in my letter of February 5th, would materially implement this proposal.

Respectfully Submitted,

RANCHO TOYON,
—By P. N. CARTER.

Dear Editor:

We would like to take this opportunity of thanking you for your cooperation in publishing news items and notices of meetings for our group. We very much appreciate your consideration and cooperation.

—FRANCES KING, Secretary
United Republicans of California.

Dear Editor:

The following is a copy of a letter sent to Chief of Police James Bale:

James Bale
Chief of Police
Sierra Madre Police Dept.
55 W. Sierra Madre Blvd.
Sierra Madre, Calif.

Dear Chief Bale:
My wife and I wish to commend Officer Baney and the other officers who investigated the burglary of our home at 83 West Carter Avenue on February 17, 1965. We were both impressed with the courtesy, consideration and efficiency of these officers, and in particular with their interest and follow-up of this case.

We are indeed fortunate in having this caliber of officers on our police force.
—ROBERT R. TRAINER
Dept. of Social Service
Principal Investigator
City of Los Angeles

16—SIERRA MADRE NEWS
Thursday, March 11, 1965

never failingly mentioned in the same breath as the Klan — or the Nazi party, and Brown's private poll obliquely mentioned a possibility that Kuchel might be able to beat him (a little like saying Pretty Boy Floyd was more popular than John Dillinger).

But consider these crimson cants thoroughly, and you'll discover something. The liberals are scared witless by Barry's following; there are closer to thirty million staunch conservatives; it's grudgingly admitted the Birch Society is 180 degrees removed from the Klan, in fact has negro membership, and Brown's poll also stated (buried WAY down in the article in VERY small print) that Joe Shell and Reagan would beat him. Betcha Max Rafferty could too.

Anyway, my corns tell me all is not lost. On the contrary — the louder the liberals bray the more optimistic I get.

—STIFBAK
P.S. Robert Welch speaks Thursday night, March 11, at the Pasadena Civic — 8 p.m. Any of you care to join me in breaching the CORE picket line in order to listen to the man?

U. S. railroads bought 65,000 new freight cars last year.

SPORTS AS

Hank Ives SEES IT

HICKORY AND HORSESHIDE SPRING TRAINING... Youngsters with the power of Babe Ruth, the swing of Ted Williams and a blazer better than Bob Feller's are now prominent on the major league rosters. Just ask the publicity men. The youngsters are seldom around when the real firing starts, however.

LET'S TAKE A PEEK at the needs, question marks and hopes of the 20 big league teams.

DODGERS... Someone to settle the thirdbase problem once and for all. Return to form of Koufax and Podres not to mention the quick bat of Tommy Davis. These are musts for any first division hopes.

WILL MILWAUKEE suffer from lack of fan support? Can Bragan's young hurlers develop fast enough to match the obvious Brave power?

THE GIANTS have a batch of promising young hurlers but need bullpen help and a solid shortstop.

GENE MAUCH must convince his Phillies the late season collapse of 1964 was of a freakish nature. Belinsky and Stuart should help considerably if the skipper can control their "newsy" antics.

CINCINNATI... Third-base is a problem that Deron Johnson might solve putting Gordie Coleman's bat back in the lineup at first. Vada Pinson would be in need of a big year and with solid chugging the Reds look tough.

CASEY STENGAL will be counting on the "coming of age" of his young pupils.

CUBS... With umpteen coaches someone had better discover what is wrong with the Cubs. Santo, Banks and Williams are among the best and there is outstanding pitching talent but no first division finishes in many moons.

HOUSTON will have to adjust to playing in their new stadium and are counting heavily on Young Rusty Staub to provide power.

BUCS will rely on another good year from Vern Law and Bob Friend plus natural development of young Bob Bailey and Willie Stargell.

CARDS... What do you do for an encore? Key trades added depth and talent to mound. Mike Shannon will have to make it big in right field.

IN THE JUNIOR CIRCUIT... The ANGELS will have to find a thirdbaseman from among a large group of hopefuls. Also huge need for power and improvement in stickwork of fielding wizard Knoop.

CHICAGO will be pennant threat with addition of John Romano behind the plate. Pretty solid down the line but could use 154-game big bat from Bill Skowron.

BIRDIE TEBBETS improved his team considerably with trades. Now he must find a way to keep Hinto, Colavito, Wagner and Davalillo in the lineup at the same time.

BALTIMORE hopes for injury free year for Boog Powell and return of Steve Barber's hummer.

WASHINGTON may be called Dodger Jayvees but N.L. castoffs could lead Hodges' troops from the depths. Frank Howard of course is key but Phil Ortega, Nick Wilhite, and Pete Reichert might prove real mound finds.

BOSTON is hoping Dennis Bennett is worth giving up Dick Stuart. First and second base are problems but

Senior Citizens Entertained By Bethany Mariners

Highlighting the Senior Citizens gathering at the Park house on Saturday was another delightful entertainment by the Mariners of Bethany Church.

Master of ceremonies, Stan Moyer presented a program of varied interest. Saxophone duets by Mr. and Mrs. Ivan Ower, vocal trio numbers by Mrs. Homer Weeks, Mrs. Margaret Ower and Mrs. Ava Collins, accompanied by Mrs. Mary Schaper, a humorous skit, the players being Henrietta Symonds, Lola Bullock, Stan Moyer, President Ridgway and Roy Pickett, ending up with black board drawings of modern art. Mrs. Orpha Moyer and Homer Weeks also made up the group.

Ten Senior Citizens left on Wednesday morning for a bus trip of three days to Las Vegas.

Guests at the afternoon meeting were Mrs. Josephine Nichols of Pasadena, and Mrs. Edyth West of Sierra Madre.

WCTU

"Life of Frances E. Willard" will be reviewed by Mrs. Cora A. Sydnor of Pasadena, well-known book reviewer, temperance worker, and church woman; when the Pasadena Federation of the Woman's Christian Temperance Union meets in Bennett Lounge at the YWCA, 78 N. Marengo Ave., Pasadena on Wednesday, March 17, from 10 a.m. to 3 p.m.

Bosox are loaded with fine hitters.

CHARLIE DRESSEN is looking for resurgence from Al Kaline and Hank Aguirre. Fine young talent could make Tigers a threat.

MINNESOTA'S main need is pitching balance to go with obvious power.

KANSAS CITY hopes to find a way out of cellar but giving up Colavito doesn't appear to be the answer.

THE YANKS were happy with what they had in 1964. Made no changes and are hoping Whitey Ford's arm comes around. Will need first class pitching to withstand challenge of Orioles, Indians, White Sox and Tigers.

SPORTS NOTES... For an afternoon of golf pleasures, try Green Rivers seven miles West of Corona.

Sierra Madre Little Leaguers are in dire need of two managers, one of the major and one for the minor league. It is of course important now with tryouts going on.

On sale now through April 30th!

Big travel bargain for cities along Santa Fe

It's Chico Bargain Fare time again on the Santa Fe—through April 30, 1965.

For example, a regular round-trip ticket costing \$100 will be sold at the off-season bargain fare of \$80. Round trips costing \$75 now will be only \$60, and similar reductions will apply for round-trip tickets from all stations except for local trips within the State of California.

No matter where you travel on Santa Fe trains, round-trip bargain fares will save you approximately 20%. Tickets on sale every day with a return limit of 30 days. Yes, bargain fares apply for both round-trip coach and first-class tickets.

Now you can leave the car at home and save money traveling by Santa Fe.

Vets Exemption Claims Now Being Mailed

Veteran exemption claims are now being mailed to the more than 262,000 veterans who last year received the \$1,000 property exemption, the office of County Assessor Phillip E. Watson announced.

Any veteran who does not receive a form in the mail by March 10 and whose service record is on file with the Assessor may request a form, either by phoning Madison 6-6311 or in person at Room 225 of the Hall of Administration, 500 W. Temple St., in downtown Los Angeles, or at any of the Assessor's Regional Offices.

A veteran who is filing for the first time must appear in person at any Assessor's office, bringing with him a copy of his honorable discharge and, if he owns real property, his deed or other proof of ownership.

The Assessor's office urged every applicant to read the instructions accompanying the claim carefully before filling in the form.

Failure to sign the claim means that it is not a legal claim and cannot be accepted. Failure to answer all questions also can result in denial of the claim.

Applicants are particularly cautioned to furnish correct information for Item 4, "Money owed to me," and Item 10, "Cash or loan value of Life Insurance policies."

The \$1,000 exemption is limited by law to those veterans who, if single, own property valued at less than \$5,000, or if married, own property valued at less than \$10,000.

In computing the value of a veteran's assets, the Assessor's office is required to use the assessed value of all property taxed by the County and the full cash value of all other property, such as automobiles, stocks and bonds, bank accounts, etc.

Assessed values shown on the pre-printed claims do not necessarily represent 1965 assessments. In order to get the forms in the mail by the lien date on the first Mon-

Supervisors Defeat Foothill Freeway Resol.

Despite the vigorous effort of Supervisor Frank G. Bonelli to obtain support of the Board of Supervisors of a resolution submitted by the Foothill Freeway Association, which includes numerous cities and chambers of commerce of the San Gabriel and Pomona Valleys, the Supervisors today voted 4 to 1 to oppose its adoption.

The resolution sought County endorsement of the proposed routing of the entire Foothill Freeway (Route 210) from Interstate Route 5 in San Fernando Valley to Interstate Route 10 in Redlands.

The Board did indicate its approval of the routing of the freeway link easterly from Pasadena through the foothill of the First Supervisorial District, the Supervisor noted.

"The fly in the ointment," Bonelli declared, "was opposition to the portion of the Foothill Freeway westerly from Pasadena through the La Canada area in the Fifth Supervisorial District."

Bonelli urged the Supervisors to adopt the resolution passed by the Foothill Freeway Association at a meeting in Glendora last week. The newly formed organization is composed of 18 cities and 24 chambers of commerce along the 86 miles of the proposed Foothill Freeway route. Bert Stolpe, prominent San Gabriel Valley newspaper publisher, has been elected president of the Association.

Bonelli said the organization is vitally interested in the immediate construction of the Foothill Freeway in its entirety as proposed in its resolution, which was defeated on a 4 to 1 vote, with only Bonelli supporting.

day in March, the print-out is made early in February while the bulk of appraisal changes are made later.

Deadline for returning the forms is 5 p.m., Monday, May 3.

Editorially Speaking....

Withholding Battle

Another big push for State income tax withholding is to be expected according to Cal-Tax staff. The first two announced major tax programs have included this previously defeated proposal near the head of the list of proposed new taxes and tax changes. The State administration in its search for new funds to balance its "bare bones" budget has advocated withholding with a fifty per cent forgiveness feature, while the Assembly revenue proposal advocated by Speaker Unruh and Chairman Petris of the Revenue and Taxation Committee includes withholding with one hundred per cent forgiveness. The administration proposal does not include an immediate rate change unless new spending programs are approved. The Assembly plan does propose lowering exemption allowances and increasing the top rates to fifteen per cent (more than double the present seven per cent on taxable incomes over \$15,000).

One-Time Windfall revenues will occur when there is less than one hundred per cent forgiveness. When a withholding system is started, the taxpayer is called on to pay during the current year the taxes on his income as he earns it and in addition the annual lump-sum payment of the tax on the preceding year's income. The taxpayer would thus be called on to pay two years' State income tax in the one year. Elimination of this double payment is termed "forgiveness" by the advocates of withholding.

The claim is made by proponents that withholding would result in up to \$58 million net revenue increase with fifty per cent "forgiveness" the first year that collection by withholding is in effect.

Withholding was first pushed forcefully in 1963 by the administration which had just been elected on a "No New Tax" pledge. It was "one of a series of major tax reforms which would involve no new additional taxes." These 1963 proposals, most of which were enacted, involved revision in collection schedules of a variety of taxes to speed up payments to the State, producing earlier receipt of "windfall" revenues to balance the budget temporarily. Ultimately, continuance of programs which are financed initially by "revenue windfalls" must be funded on a regular basis or eliminated. This is one of the prime reasons for new taxes being needed to finance this year's biggest ever State budget — the so-called "bare bones" budget.

The other major reason why the record State budget now before the Legislature can be described as "bare bones with no new services" is that a number of new programs or expanded programs were enacted in prior sessions with delayed or staggered effective dates. Population growth is by no means the only reason for the sizable increase in the State budget.

The fiscal problem facing the Legislature and the administration is a 1965-66 budget year shortage in fiscal resources estimated at \$82 million and a 1966-67 shortage approximating \$250 million. Substantial budget reductions would be necessary as an alternative to new taxes. A statewide election year, such as 1966, would hardly be the year to increase the tax rates substantially or to establish new taxes, or, in the case of withholding without one hundred per cent forgiveness, to double the first-year tax load.

Of the two withholding plans thus far proposed in the 1965 session, the one which advocates one hundred per cent forgiveness and an increase in the rate is the most forthright since it announces the tax rate increase and does not use windfall first-year money to balance the budget temporarily.

The San Francisco Chronicle pointed out the major drawbacks to withholding in an editorial entitled "Sedative Deductions" on January 15, 1963.

"Under the banner of 'More current collection' a proposal for payroll deduction of State income taxes has made another appearance in Sacramento. It should be throttled in infancy.

"This renewed suggestion, vigorously knocked down as often as it has cropped up in the past, has already met opposition from the California Taxpayers' Association and other business interests, on grounds that quicker collections would merely lead to quicker spending.

"Among other disabilities of such a plan are its imposition of substantial bookkeeping costs upon employers already burdened with an accounting of withheld Federal income taxes, unemployment taxes, social security taxes, and numerous other payroll deductions. It would also discriminate against wage earners by denying them the use of the taxed portion of their weekly pay while collecting no pay-as-you-go taxes on income from sources not susceptible to a check-off.

"By far the most serious defect of such a payroll deduction is its sedative nature — it dulls the impact of a single annual payment and, by leaving the taxpayer insensitive to the sum total of his yearly contribution to State government, encourages the imposition of bigger and bigger taxes."

The current revenue shortage and tax push was forecast in the May 1963 Cal-Tax News in an article headed "New Spending Programs Foreshadow New Taxes" in which Cal-Tax pointed out the problem of deferred effective dates. The article went on:

"This means that a big push for new taxes may develop in 1965 'to pay for the then existing costs.' Quick-footed financing schemes not only fail to solve the State's finance problems but, by temporarily financing the start of increased programs, they practically assure a demand for new taxes in future years to continue these programs after the temporary finances have been consumed."

With the politically unappealing alternative of reducing the budget and the major revenue gap, defeat of the withholding scheme will be even more difficult in 1965 than it was in 1963.

Sierra Madre News

Published every Thursday at 9 Kerning Court, Sierra Madre, California, Los Angeles County. Post Office Box 37, Telephone EM 5-3324 or 5-3325.

The Sierra Madre News, Official Newspaper of the City of Sierra Madre is declared a Newspaper of General Circulation for the publication of legal notices, as defined by Section 4460 of the Political Code of the State of California, the Superior Court of Los Angeles County August 19, 1936. FREEDOM

AT ANY PRICE

By H. V. WITTY

To all Conservatives:

Do you have a friend or acquaintance who, when queried by you as to his political position, has indicated, either by implication or by direct phraseology, that it is none of your business? If so, then next time you meet him, try the little game of "Whose Party Will It Be In '68?"

Introduce the game by inquiring of your close-mouthed friend as to what he thinks of Republican chances for victory in '68. After listening attentively to his non-committal answer, follow up with: "I honestly don't believe the Republicans have a 'Chinaman's chance' because the 'me too' Rockefeller, Scranton, Romney, Lodge, Hatfield disciples, whose only platform is 'we-can-do-it-better-than-the-Democrats,' are going to force Conservative Republicans to form a third party!"

Then, run for the nearest closet, assume the knee-chest position with chin tucked tightly, and brace yourself for the explosion. If, by chance, the explosion is not forthcoming and your friend quietly, with human compassion, leads you by the hand back to your chair, then, you may be assured, that he is an odds-on favorite to be a "good" Democrat who has always voted the straight Party ticket and is caught sleeping. You see, he thinks he's got you whipped anyway!

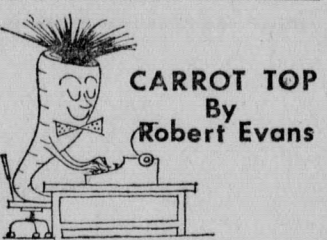

If, at the mention of third party, your friend's relaxed countenance changes to a scowl, he shuffles uneasily in his seat while you are heading for cover, and then mumbles something about the Reuther memorandum while he is fishing you out of the closet, you can peg this boy, nine out of ten times, as being a pseudo-intelligent, left-wing "donkey" who worries nil as to Johnson's state of health because — really — "we always have Horatio."

If, however, your words "I honestly don't believe the Republicans have a 'Chinaman's chance'" causes your acquaintance to narrow his eyes to little more than piercing slits and glower at you as though it were all your fault, if the "me too" Rockefeller, Scranton, Romney, Lodge, Hatfield disciples whose only platform is "we-can-do-it-better-than-the-Democrats..." causes small beads of perspiration to first pop out on your forehead, swell, and finally run an uneven course down his furrowed cheeks as he fights futilely to dismiss the thought of twenty seven million and to regain his composure, if your words "going to force Conservative Republicans to form a third party" bring about a convulsive thrust forward as though your acquaintance had been shot in the back, if his once normal cranial and facial features begin to convulse like a tortured mass of abnormal tissue undergoing macrocephalic metamorphosis, if this be the picture, then, my fellow Conservative, your friend is a Liberal Republican who fears more than anything else the threat, implied or otherwise, of a Conservative third party! Both Liberal as well as Conservative Republicans are well aware of what the Liberal Republicans did to Goldwater! If Conservative Re-

publicans find themselves unwelcome in a Liberal-dominated Republican Party, they may very well join in the formation of a third party — a Conservative, anti-appeasement, new party.

Many political analysts believe that "at least twenty million of the Twenty seven million Americans who cast their ballots for Barry Goldwater, voted for him only because of his Conservative principles and the Conservative platform on which he ran. These voters cannot be delivered by Goldwater or anybody else to a Liberal Republican candidate in the future!"

If a third party should come into existence, the Liberal Republicans might find "the future political protagonists being the Socialist Democratic Party and a new and aggressive anti-Communist party — thus preserving and fortifying the two-party system in the United States." As one reporter summed it up, "A liberal takeover of the GOP will trigger a new party."

and started the plans, and were told that we could be on our way in three weeks... six months later we are ready to move the first dirt, and if things progress as they should, we should move into our new home about August 1st, but if they progress as they have in the past six months, it may be Christmas before the foundation is completed.

It is not the fault of any one thing that holds up the building of a new house, except that yards and yards of red tape must be cut, and hundreds of people have to be satisfied before construction can start. Now we are on our way. Soon we may be able to return to "Civil Living" and kiss apartment living goodbye forever, I hope, I hope, I hope.

In closing the column for this week, let me remind you that "People who have very little for which to be thankful very often are the ones who take special care to thank God for His blessings." See you around...

Police Chiefs To Be Honored By County

The 50 Chief of Police in Los Angeles County and their respective City Administrators will be honored by the Los Angeles County Peace Officers Association at a noon luncheon Wednesday, March 10 at the Los Angeles Police Academy in Elysian Park.

Guest speaker for the annual affair honoring chiefs will be California Attorney General Thomas C. Lynch. A lawyer for 31 years, Lynch was appointed Attorney General in September, 1964.

This will be one of the major addresses to be made by Lynch since he became Attorney General, according to C. Henry Fertig, president of the Los Angeles County Peace Officers Association.

Thursday, March 11, 1965 SIERRA MADRE NEWS—19

OUT OF THE COBWEBS

10 Years Ago:
March 3, 1955

Charles H. James, senior member of the City Council, was unanimously chosen as the new mayor of Sierra Madre to fill the vacancy created by the resignation of Charles Louk, who was named postmaster on Dec. 31.

The new minister at the Congregational Church, assuming his duties March 13, will be the Rev. George W. Lindsay who is moving here from Berkeley with his wife and family.

Approximately 1500 Sierra Madre residents received questionnaires concerning a dozen of the most vital points covered in the new zoning ordinance.

Sierra Madre's welcome sign is unwelcome, not that there is anything wrong with the sign. In fact, it is very pretty, but no one wants it. No standing room either by state, county or Pasadena and private authorities, so it is stashed away at the local water works.

20 Years Ago:
March 8, 1945

Over 35 local girls entered the contest for Queen to preside over the 53rd annual Wistarian Vine Fete. Tonight is the deadline. There will be a Press-Radio Breakfast at the Vine March 13, and the Queen will be crowned.

The 100-acre Hastings Ranch just west of Sierra Madre was sold Monday to John R. Murphy, Los Angeles construction executive. The new owners are planning a high-type, controlled development in keeping with this beautiful Southern California acreage.

30 Years Ago:
March 8, 1935

Extending Baldwin Avenue a step nearer Clifford Kenworthy, Arcadia property owner and dairyman, was elected to the Sierra Madre-Arcadia Baldwin Ave. Improvement Program.

Marsh roared in like a lion, bringing the winter's first snow to lower foothills back of Sierra Madre here last Saturday. Rain drenched the city, then a hailstorm, then for a short time the streets were lightly sprinkled with white.

Twenty-two San Gabriel Valley communities sent delegates to the Associated Chamber of Commerce supper meeting held in the Sierra Madre Woman's Club last week.

Boy Scouts prepare for their annual Camp-O-Ral which the executive committee has ordered to be staged next month in Bailey Canyon.

Crib Crop

Mr. and Mrs. John H. Davis of 98 S. Lima St., Sierra Madre, proudly announced the birth of their third daughter on February 22. Miss Jacqueline Rebecca weighed 8 pounds 7 3/4 ounces when she made her first appearance at Huntington Memorial Hospital.

"Jackie's" big sisters are Arlene, 11, and Kathy, 6 years old. The very thrilled grandmothers are Mrs. Hazel R. Davis of Pasadena, and Mrs. Katie Richards of Altadena.

We Congratulate...
